FARM ENGINEERING STRESSED IN WORK OF COUNTY AGENT

GEORGE BANZHAF FILES RE- PORT FOR YEAR ON WORK IN COUNTY

County farm agent, George Banzhaf, in a report covering the work of farm engineering as a part of his program for the year shows singular achievements in this respect, setting out in his report the importance of the work. The following report has been filed.

From December 3rd, 1921 to November 18th, 1922, I did Terracing Work, in Sixty-Five different farms in Milam county. On these farms I laid off a total of 132,060 yards of Terrace lines, or in other words terraced 2268 acres.

Did drainage work on Ten different farms. Laid out with farm level, 4440 yards for open ditches.

On August 1st, 1922, with M. R. Bentley, of A. & M. College, gave the first demonstration in my county of putting in Water Drops. These water drops to prevent ditches from washing at the outlet of the terraces. Since this demonstration one of our County Commissioners thinks so well of this Water Drop project, that he has put in several waterdrops along the Public Road.

Terracing and open ditch drainage is considered by a large number of our farmers as a most valuable service the County Agent can render. There are approximately five thousand farms in this County and nearly each one needs work of this character very badly.

Some of the results of this work may be illustrated by the following incidents. One of our substantial farmers of the county some three years ago was advised by the agent to terrace sixty acres of his hill side land that was badly washed. Extra good work was done in building the terrace. They were made high and wide and sown to sorghum the first year, the next fall after this work was done. This same man said to the agent I have made a better crop on this terraced land and would not have the work of my farm you did, and do without it, for two thousand dollars.

Another farmer who was induced by the agent last year to terrace some of his land, was so well pleased with results, that he called on the agent again this fall, to lay off terrace lines on another field of his. The agent complied with his request.

While eating dinner at this farmers home his wife said to the Agent, "we have made a better crop on the land that was terraced, than we did on the land not terraced. There are many similar examples throughout the county. Farmers are beginning to realize that their hillside land is fast washing away, and that more attention must be given to the conservation of the soil as well as soil rebuilding if the people of our county and their descendants are to be prosperous as tillers of the soil.

CRITTENDON AGAIN HEADS K. P. LODGE

LOCAL NIGHTS NAME OFFICERS FOR ANOTHER YEAR'S SERVICE.

O. W. Crittendon has been elected Chancellor Commander of the Knights of Pythias lodge in Cameron.

The following officers were named at the meeting held Monday night:

O. W. Crittendon, C. C.
R. E. Sharpe, V. C.
W. G. Gillis, P.
Albert Collins, M. at W.
H. N. Clary, M. at A.
Monta Thomas, M. of Ex.
W. W. Chambers, I. G.
Robt. T. Wharton, O. G.
Jeff T. Kemp, Trustee.

Fire Stone will award five customers prizes on Dec. 23—get details.

ANTI-TICK MEN TO MEET HERE FRIDAY

Friday anti tick men in the county will register protest before the Commissioners Court in an effort to induce the court to discontinue eradication work in the county.

A petition signed by a large number of cattlemen in the Gause and other sections of the county will be presented in an effort to secure cessation from the dipping provision of the law.

Inspector Raymond Beard has asked a representative of the Livestock Sanitary Commission to be here Friday. It is likely that the pro tick group in the county will have a representation, although this group has already had its day in court, in

ducing the court to rescind its order to discontinue the tick work.

The Friday meeting coupled with the fact that a quarantine has been placed over the county to expedite law enforcement and the trial of several cases for violation of the law precipitates a feeling that both sides are equally determined in their view concerning the law.

The county has spent about \$70,000 for the work in the past three years but the progress has been very unsatisfactory and it had been hoped that the court had enlisted the aid of the stockmen to rid the county of the cattle fever tick.

GOVERNOR NEFF IS UNABLE TO FILL DATE IN CAMERON

SPEAKING TOUR DATES FILLED AND CANNOT ARRANGE TRIP TO CAMERON.

In a letter to C. W. Lawrence, president of the Cameron Commercial Club, Governor Pat M. Neff, says he is unable to make speaking date for Cameron, as all his dates are filled. The letter follows:

C. W. Lawrence, President,
Cameron Commercial Club,
Cameron, Texas.

My Dear Sir: I am taking just a moment from a very busy day to acknowledge receipt of your highly appreciated telegram of December 2nd, which was also signed by Mayor White, requesting that I include Cameron in my speaking tour.

On account of having definitely accepted engagements in other cities, it will not be possible for me to visit Cameron. But for this fact, I assure you, I would gladly include your City, and I sincerely hope that I may be able to visit your people at some early date.

Assuring you of my appreciation of your thoughtfulness, and with highest personal regards and all good wishes, I am,

Yours most sincerely,
PAT M. NEFF,
Governor.

MINERVA OIL IS ADVANCED TO \$1.50

NEW PRICE EFFECTIVE DECEMBER 2 WILL BOOST INDUSTRY.

The Owens Refining Company of Cameron advanced the price of Minerva crude for 38 gravity to \$1.50 per barrel on December 2nd. The Owens Company follow the lead of the Prairie Pipe Line Company who several days ago announced the future payment of crude purchases made by them would be governed by the gravity of the oil. The Prairie Company has established a new condition in the oil world, heretofore the price of crude if the Mid-Continent field has almost been uniform some of the lower grades of crude commanding the same price as higher gravity oils. The Minerva oil is said to be one of the highest gravity oils in the State and the future advances that are expected will be made will find the Milam County product bringing up top prices. The new advance brings \$3,000 more per month into the coffers of the producers and is a big item for the oil men.

Miss Agnes Henderson had as her guest her cousin, Miss Georgie Carr, of Waco the past week end.

After an absence of two weeks, caused by a serious operation, Frank Mohler returned to school Monday.

H. H. HARTSFIELD IS MADE OFFICE DEPUTY FOR ROGERS

BUCKHOLTS MAN LANDS JOB UNDER INCOMING SHERIFF OF COUNTY.

H. H. Hartsfield of Buckholts, lifelong personal friend of Sheriff-elect, Drew S. Rogers, has been appointed to become office deputy under the incoming sheriff, according to announcement made by Mr. Rogers Wednesday.

Mr. Hartsfield is well known over the county, having made two races for tax assessor. He has been engaged in farming near Buckholts where he owns interests. He is a thoroughly capable man and will serve in the capacity as office deputy to advantage of the county.

Mr. Rogers will take office on January 1. Prior to his election he had been constable at Buckholts and later deputy sheriff. He engaged in farming. His record as a peace officer compares with that of any peace officer in the state and his reputation has been established on law enforcement. This he declares to be the policy that will characterize his administration. This he declares to be the policy that will characterize his administration—enforcement of the law.

The people of Cameron are glad to welcome Mr. Hartsfield to the city.

MILAM COUNTY BATTERY COMPANY MOVES QUARTERS.

The Milam County Battery Station has completed its new filling Station in the rear of the Commercial Hotel building and have occupied the building.

With the improvements completed the property has been greatly enhanced in good appearance and value. In addition to the sale of gasoline the company will continue its battery work and Max Fox, proprietor invites his friends and the motor car drivers to share with him the business he deserves because of the improvements he has made in making his business more efficient and enabling him to give better service.

Messrs. R. H. Redfield, T. F. Hardy and J. H. Ireland, District Deputy Grand Master of District No. 104, attended the session of the Grand Masonic Lodge of Texas Grand Chapter and Grand Council, each body consuming three days in Waco this week.

Do Your Christmas Shopping in Cameron—Buy Early

Buy early and have the advantage of the best selection as well as service. Don't forget twenty-six more days.

Buy it in Cameron.

LIGHT EQUIPMENT HERE FOR WHITE WAY IN CAMERON

CONSTRUCTION AUTHORIZED TO BEGIN MONDAY ON IN- STALLATION POLES.

Shipment of eleven standards for the white way in the city of Cameron was received Tuesday and Commissioner of Streets, C. R. Phillips has authorized construction work to begin Monday on the installation of these poles.

At the same time the city's equipment was received four standards were received by Giles L. Avriett, county auditor for the county to be installed around the court house grounds. These poles will be installed at each of the four entrances to the court house. At the same time the city will install four lights at intersections adjoining the court house grounds thus giving lights for the square.

C. W. Lawrence of the Cameron Water, Power and Light Company has received two standards to be erected at the plant property. This will give the city seventeen high power lights for the business district and is the beginning of a well laid plan for lighting the city.

Mayor J. B. White wired the Southwestern General Electric Company Wednesday for a representative to assist in the placing of these lights and Mr. T. T. Hockaday who sold the standards to the city will be here Monday at which time the installation work will begin.

Martin Kilian of the Cameron Plumbing and Electric Company has the contract to install these lights. Mr. Guggolz of the light plant will supervise the installation of the lights thus insuring proper construction.

The city lights will be placed at intersections and will be used as traffic guides as well as for lighting purposes. The council Tuesday night decided that no signs will be placed on the poles as car drivers are conversant with traffic regulations that require one to drive to the right and to not cut corners.

It is hoped to have the streets lighted by Christmas eve.

Joe Mohler, a student in A. & M. returned to his studies at College Station, after spending Thanksgiving with his parents, Mr. and Mrs. J. F. Mohler.

\$17,000 MAYSFIELD SCHOOL BUILDING IS OCCUPIED THIS WEEK.

The new \$17,000 brick school building at Maysfield has been occupied by the school following its completion this week by contractor W. J. Walston of Cameron.

This building is one of the finest school buildings in this section of the state for a community school. The grounds are being improved with gravel and cement walks are being built about the building to improve its appearance.

Max Collins and Frank Redfield attended the Grand Lodge meeting in Waco this week.

Miss Ida Lucille, daughter of Mr. and Mrs. Charles McDermott, arrived Monday morning at 7:30 o'clock to brighten and make happy their home.

Inter-County Movement of All Livestock Ceases

WILL RAISE \$1,200 FOR ASSOCIATED CHARITIES HERE

EFFORTS BEING MADE TO RE- STOE STRENGTH WORTHY ORGANIZATION.

The Associated Charities will make a Christmas appeal to the city in which \$1200 will be asked to take up a deficit in the treasury and provide funds for twelve months operation of the organization.

At a meeting held Monday in the directors room of the First National Bank plans for the welfare of the Associated Charities were made. The meeting was called by Mrs. Cora Cammer, president of the organization and active director of its work of charity in the city.

A finance committee of five was named as follows: J. B. White, chairman; H. M. Hefley, W. M. Cobb and Walter F. Sharpe. This committee will act in the capacity as advisory to the organization and will assist in the financial plans of the meeting.

Three committees to raise funds for the charities were appointed by Chairman J. B. White as follows: Walter F. Sharpe, chairman; W. M. Cobb, Mrs. J. G. Vest, Mrs. W. G. Gillis, chairman; Mrs. Giles L. Avriett, B. F. Bonds; Mrs. Chas. W. Price chairman; J. C. Tucker and Mrs. G. C. White.

These committee met Wednesday in the First National Bank to make plans for the canvass. Mrs. W. G. Gillis, presided at the meeting and all organization necessary was made.

The Associated Charities require about \$900 a year for the work before the only means by which unfortunate people may hope to benefit from charity in Cameron on a substantial scale. The Charities have taken care of hundreds of cases during the past year and practically without available funds using its credit, having faith in the generosity of the people of Cameron who will surely respond to the heart cry of hungry little children and all who are poor and need aid and who have never appealed in vain to the Charities for aid.

With the aid of the people many will be made happy Christmas who otherwise have no hopes for they are without means in many instances to provide the necessities of life. And then again, all through the year the work of this society can go on with relief to the distressed and care for little children who cry for bread.

ORDINANCE PROHIBITS SHOOTING FIREWORKS WITHIN CITY LIMITS.

With the approach of Holidays fire hazards become more pronounced and in accordance with the annual instructions regarding the shooting of fireworks in the city of Cameron I wish to warn the public that this is a violation of the law and ask that no fireworks be shot in the business district.

The city ordinance governing this matter makes it an offense to shoot fireworks in the business district and this law will be rigidly enforced to protect property against hazards by fire.

VINCE LUCAS,
City Marshal.
32 2t
METHODIST CHURCH

Rev. C. T. Talley, Presiding Elder of the Marlin District will preach at the Methodist Church Sunday night. The service will begin at seven o'clock. This is fifteen minutes earlier than usual hour. At the close of the service the pastor will make some important announcements concerning the work for another year.

Fire Stone will award five customers prizes on Dec. 23—get details.

Movement of all livestock in the county has been stopped by quarantine placed over the county Tuesday by the Livestock Sanitary Commission acting through county inspector Raymond Beard.

The quarantine has been placed over the county as a means to enforce the law as under the free movement of cattle eradication work cannot be done.

The quarantine does not mean that shipments cannot be made to outside markets but only applies to the movement of cattle within the county. It is said that movement of cattle within the county has caused widespread infestation and the quarantine is necessary to enforce the law.

Tick free herds have been reinfected by the loose handling of herds and stockmen who have cleaned up are demanding protection. The following proclamation of quarantine has been issued:

1. Whereas, the Livestock Sanitary Commission of Texas has determined by inspection conducted by its authorized representatives or inspectors that fever tick infection exists in Milam County, Texas.

2. And whereas said fever tick infection being a contagious infectious and communicable disease is a serious menace to the uninfected and unexposed counties constituting the Free Area in the State of Texas and that it is deemed necessary by the Live Stock Sanitary Commission of Texas that Milam County, Texas, be quarantined.

3. Therefore in accordance with the provisions of section 17, Chapter 38 of the General Law of the State of Texas as passed by the Third Called Session of the 36th Legislature, a quarantine is hereby proclaimed in and around Milam county, Texas and said county is hereby placed under quarantine effective the 2nd day of December, A. D. 1922, on account of fever tick infection and is subject to the following rules and regulations: All premises, cattle, horses, mules and asses located in and around Milam county are hereby quarantined, and no cattle, horses, mules and asses shall move or be permitted to move from any premises in said quarantined county, unless and until such live stock are certified to by an authorized inspector or unless a permit is issued by said in-

(Continued on page 10.)

PARK COMMITTEE FOR CITY NAMED

CIVIC POLICY OF ADMINISTRATION TO HAVE BIGGER PLANS.

A park committee for the city of Cameron was appointed Tuesday night by Mayor White at the regular meeting of the council. The committee is composed of the members of the finance committee as follows: O. M. Smith, chairman, George T. Graves and H. M. Hefley.

In appointing this committee the Mayor believes a greater scope can be given to park improvement because the committee which is handling the city finances can best judge the appropriations for park purposes and thus carry out a systematic, progressive program of building and improving. It is not unlikely that the city in the near future will acquire additional property for park purposes and for other needs in the future.

The committee will concern itself with the expansion program. Tax Collector Dan Tyson made a report on delinquent taxes collected during the past several weeks near \$3000 has been collected. City Attorney Webb was instructed last month to assist in the collection of taxes and former city attorney S. M. Eurns Jr. had also filed suits prior to his resignation.

The council discussed the coming (Continued on page 10.)

PRIZE DISTRIBUTED IN DIAMOND TIRE CONTEST HERE

The following letters, the first winning the \$10 prize and the second winning the \$8 prize, are given out by J. T. Parma as winners in the Diamond Tire letter writing contest. In all 102 letters were received, the contest closing on December 1:

First Prize Letter—Why Diamond Tires are Better and Stand Desert Heat.

1st. Diamond Tires are balanced tires containing precisely the correct proportion of fabric and rubber in all component parts.

2nd. For this reason the Diamond Tires are bound to give a maximum service with minimum trouble.

3rd. The thread of the Diamond Tire is the toughest, most resilient rubber that chemical ingenuity has been able to produce.

4th. The new tread design measures better traction and protection from forward and backward slip.

5th. Diamond builders use precautionary measures and the adaptation of different type of breaker strip, insures greater resiliency.

6th. The Squeegie tread of the Diamond tire is scientifically designed. It does not constitute a drag upon the motor. It does not bruise the fabric and is not so heavy that it will pull lose from the carcass.

7th. Tire that will stand the enormous desert heat where so many others fail.

8th. Every Diamond user is assured better adjustment in Milam county.

9th. The Diamond uses heavy side walls making the tires more strong, desert heat resisting and attractive for any tourist.

This is why Diamond Tires are better tires and will stand the Desert heat.

Yours truly,
FRANK H. JECMENEK,
Box 302. Cameron, Texas.

Second Prize Letter—Why the Diamond Tires are the Best on the Market:

1st. Diamond uses combed fabric, free from dirt and grit found in carded fabric.

2nd. The Diamond is extra thick at the base of tread, insuring better service from the raised portion of the tread. This gives the casing longer wear.

3rd. There's a generous amount of cushion thickness in the Diamond, consequently greater shock absorbing value and better adhesion of tread to fabric.

4th. The extra volume of tread rubber is another reason for greater Diamond mileage and resiliency.

5th. There is a greater area of rubber in contact with the road, greater cushioning to car, more resistance to wear, and better traction is the result.

6th. The surface area of the Diamond non-skid tread is extra large. Better road grip, better breaking and greater protection from skidding are the advantages.

7th. The Diamond side wall is extra thick, strong where many tires are weak. This affords protection against rut wear.

8th. Gauge of fabric with its gum is greater. Therefore more protection against road shocks, bruises and separation of fabric.

Compare the Diamond with any other casing and find out that the eight reasons I gave are what the Diamond Tire represents.

Yours truly,
HILMER SWENSON,
Box 96. Thorndale, Texas.

HUBERT HEFLEY CO. RECEIVES NEW FOUR DOOR FORD SEDAN

The Hubert Hefley Motor Company has received one of the new model, four door Sedans.

It is seldom that a product of the Ford Motor Company has aroused the widespread interest among motorists in general and drivers of Ford cars in particular as the arrival in Cameron of the new four-door Ford Sedan.

These handsome new enclosed Ford models are now on display at the sales rooms of the Ford dealer here and not only have attracted much favorable comment, but the dealers report a large number of orders already booked.

"It is the best looking closed car ever built by Ford," epitomizes the comment heard since their arrival here.

The body of the car is three inches longer and one inch wider than other Ford closed models and somewhat lower, adding not a little to its stylish appearance. In addition the car weighs 80 pounds less than the two-door sedan this fact being possible by the use of aluminum panels.

There is also quite a change in the interior. Richly upholstered seats give an appearance of quiet elegance to the car, which is added to by the improved type of seat cushion, which is in two parts, enabling one to get to the gas tank without disturbing the driver in any way.

Another pleasing feature is the use of crank type window lifts of a pleasing design, while the glass windows in the doors lower to a position flush with the sills. There is a dome light in the roof, another innovation that is sure to please, as well as side and rear window curtains.

The outward appearance of the car

is added to by the use of a nine-leaf spring, instead of one of eight leaves, also a special designed ventilating windshield and a sturdier rear fender, of improved design.

A CHRISTMAS GREETING.

To the Patrons of the Cameron Post-office:

We wish you the very happiest and merriest Christmas you have ever had with the brightest New Year filled with good things for all.

To make your Christmas and ours a success, we ask your co-operation in mailing matter of any kind, for it is our urgent desire to serve you efficiently and to do this quickly, we will need your help.

If you are planning to send greetings, letters or packages, to distant friends, mail them early so they will be sure to reach your friends before the rush of the last days before Christmas, so you will be compelled to start your mail several days earlier in order to reach your friends by the holidays.

Be sure to wrap your parcels carefully and to tie them with strong cord, to write plainly the correct address on the package as well as on any tags, to write your own address on the upper left hand corner, to place your name, but no other writing inside the package, and to insure packages and register letters, if you wish a record of either.

Thanking you for this courtesy,
Very sincerely,

MRS. BESSIE F. HEFLEY, P. M.

IF SICK TODAY! TAKE NO CALOMEL

"Dodson's Liver Tone" Straightens You Up Better Than
Salivating, Dangerous Calomel and Doesn't Upset
You—Don't Lose a Day's Work—Read Guarantee

I discovered a vegetable compound that does the work of dangerous, calomel and I want every reader of this paper to buy a bottle for a few cents and if it doesn't straighten you up better and quicker than salivating calomel just go back to the store and get your money back.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your thirty feet of bowels of the sour bile and constipation poison which is clogging your system and making you feel miserable.

I guarantee that one spoonful of this harmless liquid liver medicine

will relieve the headache, biliousness, coated tongue, ague, malaria, sour stomach or any other distress caused by a torpid liver as quickly as a dose of vile, nauseating calomel, besides it will not make you sick or keep you from a day's work.

Calomel is poison—it's mercury—it attacks the bones often causing rheumatism. Calomel is dangerous. It sickens while my Dodson's Liver Tone is safe, pleasant and harmless. Eat anything afterwards, because it can not salivate. Give it to the children because it doesn't upset the stomach or shock the liver. Take a spoonful tonight and wake up feeling fine and ready for a full day's work.

A Better Idea For You

If you have been planning to fix up your home for the Holidays; if a little interior finishing is needed use CORNELL WALL BOARD.

Recommended above them all.

Rub Rheumatic Pain From Aching Joints

Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappears and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Limber up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

NEW COMPLETIONS REPORTED; FIELD SETTING RECORD

PRODUCTION RISES FROM 65
TO 400 BARRELS WITHIN
ONE YEAR.

Checking any downward tendencies in the daily crude recovery from the Milam County fields which might have been expected by the temporary lull of drilling by several of the operators has been offset by the bringing in of the new wells each week which offset the natural decline. The Milam County fields were credited with several wells in the 15 barrel class and better the past few weeks and new wells are expected will be recorded daily.

Rising from the low figure of January 15, this year of 65 barrels per day when the Owens Refinery was placed in operation the field is now up to the 400 barrel oil mark and increasing rapidly. The field has near 75 producing wells now compared to 3 producers in the early spring.

There has been changes of ownership in several of the producing properties and most who are pioneers in the district have sold out and gone to other fields. The Milam County fields is an asset to the county and the price paid for the crude oil by the Owens Refinery now amounts around the \$250,000 per year mark. This vast amount of money is distributed in the trade territory and has served to stimulate business around the town.

There are several new locations that have been made in the field among them being on the Fritz Fuchs, 27 acre lease on the Henry Tract. A contract has been let by Fuchs to D. L. Baggett for the drilling of several wells on this lease. Machinery is moving on. In the wildcat district most of the wells are preparing to start drilling again. The S. A. Guiberson, Posey number one is attracting the attention of operators from all over the state and many are here to watch the final outcome of the hole. Lease trading has been active the past week and several small deals were reported.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

BREAK CHEST COLDS WITH RED PEPPER

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known. Always say "Rowles."

FELIX MATULA'S ADVISE DON'T TREAT 'EM ROUGH.

Be friendly with your tires. Give a thought to the eternal fight against heavy odds which that combination of pliable rubber and cotton fabric has to put up every time your tire turns. Treat 'em Right—instead of Rough—and you will get out of them every mile and more of the mileage we build into them.

The balance of our tires, as figured out by our engineers, is necessarily based on ordinary usage. Like that wonderful one-hoss shay, each separate part of our tires is built to last just as long, considering the normal wear and tear to which it will be subjected, as every other part.

The thin, flexible sidewalls, for instance, are "just as strong," theoretically, as the heavy tread—and so on throughout every other part.

But if you habitually run with your tires under-inflated or allow them to scrape frequently against

sharp car tracks or rough curbs, the sidewalls get an amount of wear and tear enormously out of proportion to the other parts, and will of course break down long before the tread—for instance—is worn out.

NOTICE IN PROBATE.

THE STATE OF TEXAS
To the Sheriff or any Constable of
Milam County—GREETING:

You are Hereby Commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Milam County, a copy of the following notice:

THE STATE OF TEXAS
To all Persons Interested in the
Estate of A. E. Brady, deceased;
Sarah Elizabeth Brady has filed an
application in the County Court of
Milam County, on the 4th day of
December, 1922, to probate the Last

Will and Testament of A. E. Brady, deceased, and for letters testamentary to be issued to her as sole and independent executrix of said will and of said estate of A. E. Brady, deceased, which said application will be heard by said Court at the next term thereof, commencing on the first Monday in January, 1923, same being

the 1st day of January 1923, at the Court House of said County, in Cameron, Texas, at which time all persons who are interested in said Will and Estate are required to appear and answer said application, should they desire to do so.

Herein Fail Not, but have you before said Court, on the first day of

the next term thereof, this writ, with your return thereon, showing how you have executed the same. Witness my hand and official seal, at Cameron, Texas, this 4th day of December, 1922.

WILL T. YATES, Clerk,
County Court, Milam County, Texas.

A WORD TO THE WISE

"MOVEMENT," according to Marshal Foch, "is the law of strategy." "The tactics of the battlefield must be the tactics of movement."

Following this principle, to obtain a decisive result, there must be the shock of the greatest possible force hurled upon the enemy. The essential point, according to Napoleon, is to bring the largest possible mass up to the striking point, and launch it all together upon the same objective.

Napoleon, the master of warfare, and Foch his greatest scholar, have both shown by principle and by action, that remaining on the defensive does not bring results, that one must leap into the offensive to achieve victory.

Our own peerless leader, George Washington, was obliged to remain long on the defensive, unable to cope with the forces and resources of England to pursue his Fabian policy of waiting. But ever he was watching and preparing for his opportunity, and when France supplied men and vessels, he saw the moment for action had come, and with movement and concentration, on the offensive he decided at Yorktown the destinies of a new world.

Today, we have to meet the many organized forces of bigotry and intolerance, of stupidity and ignorance against a certain creed.

In secret or in public, in open propaganda, or in hidden malice, in print or in speech, they seek downfall and overthrow of all those that do not believe in their tenets.

And because a certain fraternal organization, growing to immense influence spreading from continent to hemisphere, are in the vanguard, out on the firing line, bravely sustaining the cause of humanity and of religion—they have become a special object of attack. They can no longer remain on the

defensive, but, boldly, courageously, advance to the encounter.

We are here and here to stay. We are proud of our ancestors and our brethren in the faith, who in peace and in war, by labor and by sacrifice, have helped to establish our Republic.

We shall not go forth begging favors, and apologize to our enemies. And who are they, what manner of men, that we should bow down before them? We shall not apologize for our war record, where everything was free and everyone welcome. The story of generosity and humanity is written, which time shall not efface.

We shall not apologize for the grand peace record, where millions are spent to give the veterans the education that shall enable them to triumph over physical ills, to obtain a livelihood and a worthy place in social life?

Shall we apologize because we are Americans, one hundred per cent. American, in the spirit of our Master, the founder of our religion, that every one is our neighbor, that every one is "a man and a brother, no matter what birth or what creed?"

"There is a tide in the affairs of men, which taken at the flood leads on to fortune; on such a full tide we are now afloat, and we take the current as it serves, or lose our venture."

We are men, men with rich warm blood in our veins. We scorn pity and patronage. We ask nothing. We demand justice. We can demand no less. Conscious of our God-given, inalienable rights, guaranteed to us by the law of the land. These rights we shall neither abdicate nor surrender. We hurl defiance in the face of wrong, and in the same breath we cry out: "Be justice done, though the heavens fall."

A MOONLIGHT OUTING.

Tuesday evening the boarders at the Bigbee House, with a few invited guests, motored out to the woods in the pasture of Mr. John House, some four miles, to enjoy a moonlight picnic an 'possum hunt.

Camp-fires were started, and not long before the yelping of hounds—which they took with them—in the near distance announced the chase of game. All parties immediately started to be in at "The Death." After reaching the hounds, were unable to locate any game. Once more the hunt began but with no better success. After much fun and varied experiences this "fun bent crowd" assembled around the camp-fire where coffee was made, bacon and wein-wurst were broiled and marshmallows toasted, and a delicious supper was served consisting of all good things. After plantation songs were sung and jokes were told, camps were broken and all started home declaring it one of the most delightful evenings of the season.

Those enjoying this pleasant outing were as follows:

Mr. and Mrs. John Owens, Mr. and Mrs. Corneleson, Mesdames L. S. Bigbee, Martha Sheperd, Misses Clara Wiley, Delphya Scott, Lois Burnett, Richardson, Olive Henderson, Bessie Moselle Bigbee, Emogene McLarran, Messrs. R. Campbell, H. M. Hasseltine Wm. Kingle, Edwin Bigbee, Harleigh McGregor, Rube Johnson, Joe Matula, W. Weemason.

LITTLE SEWING CIRCLE.

The Little Sewing Circle met with little Katherine McIntosh last Saturday afternoon at 3:30 o'clock.

The hour was pleasantly spent in needle work, after which the hostess served sandwiches and chocolate.

BAPTIST AUXILIARY.

All circles of the Women's Baptist Auxiliary met at the church last Monday afternoon at 3:30 o'clock for a business session, with 23 members present.

Plans were completed for the Rally which is to be given the men of the congregation at the church Thursday evening at 7:30 o'clock.

Misses Nell DuBois and Helen Flinn have charge of the musical programme which will be rendered. The Auxiliary members will serve refreshments. All members of the congregation are cordially invited to attend.

NIGHT RAID NETS LIQUOR CHARGE

WEST SIDE WOMAN CHARGED WITH TRANSPORTING LIQUOR—OTHER ARRESTS

In a vice raid in a west side district on last Wednesday night, city Marshal Vince Lucas, deputy marshal George Richards and Special officer N. O. Kennedy, made two arrests, out of which one case for transporting liquor has been filed with the district court and another in which a woman plead guilty to vagrancy.

The two arrested were women, one a proprietress of a home and the other a vagrant.

As the officers approached the house the woman proprietress, was seen some two hundred yards from the place and when overtaken by the officers, according to Mr. Lucas, quickly dropped two bottles containing liquor. The whisky was seized and the woman arrested and taken to jail.

Marshal Lucas returned to the house which has been raided at frequent intervals in the last few months and made another arrest.

Examining trial was held in the corporation court Monday morning and the woman concerned in the liquor charge was bound over for the action of the grand jury. The woman was recently convicted in the district court here and sentenced to one year in the penitentiary, the case being now on appeal. In addition she was recently convicted on charges of conducting a bawdy house and

sentenced to eighty days in jail and a payment of \$800 in fines.

City Marshal Lucas has been active in his crusade against vice of all kinds and has required all vagrants to leave the city, both whites and blacks and has waged a successful fight against gambling.

OWENS REFINING COMPANY BUYS FILLING STATION.

The Owens Refining Company of Cameron has purchased the filling station formerly owned by Mack Harvey on the Jeter property adjoining the Auditorium Hotel property. This station is a drive in type station and one of the finest in this section of the state. The station was recently sold by Mr. Harvey.

The Owens Refining Company, refiners of Minerva Crude oil and large producers in the field, will sell at retail prices their own products from their own station. The company now has other filling station contracts in the city but it is not known whether they will continue these.

The advent of John H. Owens into the Minerva oil field has been the means of its development because he gave the first market and later with his own capital put on the development program which has resulted in the present production of some 400 barrels a day.

CLARKS RETURN FROM CENTRAL AMERICA.

Messrs. Dick and Billie Clark have just returned from nearly a year's stay in Puerto Castillo, Central America. Billie was Time keeper on a banana farm in Taujica District. Dick was Chief Clerk of Moloua District some little distance from where his brother was. Both were employed by the United Fruit Company.

On Nov. 27th, their father, Mr. W. I. Clark not having heard from them in some time as these young men had planned to surprise their parents sent a Radiogram of inquiry to the headquarters of their firm at Truralco, Pto. Casillo and on the 28th received a radiogram in reply from there as follows: "Clarks sailed for Mobile-COPAN on way home." Thus radio up-set their plans, and when these young men stepped off the mid-night train in Cameron, they found a warm welcome at the station from their family here; and now both young men declare "Cameron, U. S. A. good enough for me."

By MISS DELPHIA SCOTT

FRIENDS.

Ain't it fine when things are going
Topsy-turvy and askew
To discover someone showing
Good old fashioned faith in you?
Ain't it good when life seems dreary
And hopes about to end,
Just to feel the handclasp cheery
Of a fine loyal friend?
Gee— one fellow to another
Means a lot from day to day,
Seems we're living for each other
In a friendly sort of way.
When a smile of cheerful greetin'
Means so much to fellows sore,
Seems we ought to keep repeatin'
Smiles an' praises more an' more.

DINNER PARTY.

A charming hospitality of the week was a six o'clock dinner given last Saturday by Mrs. Jeff T. Kemp at her home on N. Travis Ave.

Mrs. Kemp, in her own charming manner, welcomed the guests in the reception hall inviting them into the parlor, which was decorated with pink and red roses, presenting a pleasing color note to the attractive home. After exchanging greetings the guests were invited to the dining room, which was attractively decorated with pink roses and ferns. The central adornment of the table was a pretty center piece on which rested a vase of pink roses. Plates were laid for ten guests who found their places at the table by means of place cards on which their names were written backward. Unique conundrums were written on the back of cards and later read by each guest, and enjoyed by all.

A delicious 4 course turkey dinner was served with all the accessories that go with the same. The guests lingered long over this repast, and on later being invited in to the parlor enjoyed several amusing contests.

The personnel included the following: Mesdames J. M. Ralston, John Watson, J. C. Martin, Wm. Cobb, James Watson, P. O. Adams, Ben Atkinson, Delia Kennedy and Miss Delphia Scott.

TUESDAY CLUB.

Tuesday afternoon between the hour of three and six o'clock an entertainment of rare charm and interest was given at the home of Mrs. W. A. Bonds on N. Fannin Ave. when she entertained the Tuesday Club with auction.

Autumn leaves and red roses were used effectively throughout the entire reception suite giving an early approach of Christmas time.

There were five tables of players. Tally pads and score cards were in basket designs. Each guest received a gilded basket which was to be filled with forty-two favors, consisting of tiny dolls, miniature 1923 calendars and Christmas bells. After a number of spirited games table favors, which were large baskets filled with Christ-

mas candy, were won in the cut by Mesdames Albert Triggs, Julian Baskin, Dick Brewer, Misses Beth Jeter and Ruth Henderson.

The hostess was charmingly assisted by Mesdames Alex Triggs and J. L. Clinton in serving a lovely salad course of chicken salad, nut sandwiches, cheese balls, pear salad and hot tea.

Besides the club members there were present Mesdames Howard Baskin, Frank Henderson, Roy Baskin, Edwin York, Albert Triggs, Julian Baskin, Dick Brewer, Misses Ruth Henderson, Beth Jeter, Winnie Henderson, Sallie Kate McLane, Clara Thomas, Isabelle Camp, Gladys Watson and Lucille Dickard.

Mrs. Bonds also entertained Wednesday afternoon with a forty-two party a number of friends, and was ably assisted by Mesdames S. A. Cottle, Alex Triggs and B. F. Bonds. Eighty-four favors were same as those used Tuesday afternoon.

Out of town guests were Mrs. E. E. Green of Rosebud.

OPOSSUM HUNT.

Last Friday evening a number of young people gathered at "The Bigbee House" and later went "possum hunting." Much enthusiasm was in had not yet returned from his Thanks-

fused into the crowd by Mr. Wm. Hinkle, the leader. Wilson- Ledbetter park was the chosen place and the evening proved ideal for an out door gathering. After motoring out, campfires were started after which a number made the rounds, but Mr. Possum had not yet returned from his Thanks-giving visit and had not left a clue to his route. Later the hunters came into camp where a feast was spread which consisted of weine-wurst, sausage, sandwiches, crackers, hot coffee and cake. A noted story teller from Colorado in the person of Dr. Dal De Weese entertained the hunters with some rare reminiscences of some of his famous Colorado hunts before coming south.

At a late hour camps were broken and a merry crowd went home, under a beautiful southern moonlight sky, all proclaiming it one jolly outing.

The personnel of the hunt was as follows: Mr. and Mrs. Charles Estill, Mr. and Mrs. Cornelison, Mrs. L. S. Bigbee, Misses Mary Lake Henderson, Georgia Carr, Winnie Henderson, Ema Gene McLarran, Agnes Henderson, Mary Young, Moselle Bigbee, Messers Wm. Hinkle, Dal De Weese, Hugh Brown, Boughton, Peoples, Eugene Green, W. D. Bigbee, John Pace, H. M. Hassletine and Dr. Van Zant.

PRESBYTERIAN AUXILIARY

Last Monday afternoon the Presbyterian Auxiliary met in circles.

Circle No. 2 met with Mrs. J. E. Holtzclaw with six present, and spent the hour in Bible Study covering the first nine chapters of Genesis.

Circle No. 3 met with Mrs. John

Watson with seven present and enjoyed a study taken from their Twelve Hundred consecutive questions from the books of Ephesians, Philippians, Galatians and 1st and 2nd Thessalonians, after which the hostess served hot chocolate and sandwiches.

One new member was added to this circle, Mrs. Haden Lawrence. Circle No. 1 had no meeting this week.

JUNIOR CHRISTIAN

ENDEAVOR PARTY.

Last Friday evening Mrs. Paul Webb entertained the Presbyterian Junior Christian Endeavor from 7 to 9 o'clock at her home on West Main Street.

The reception suite was artistically decorated in autumn leaves and roses presenting an early Yule-Tide season.

Miss Louise Atkinson assisted the hostess in receiving and served punch throughout the evening. Several amusing contests, and many games were the diversion of the evening, which was much enjoyed by his Juniors.

Mrs. Webb was charmingly assisted Miss Sallie Kate McLane in serving delicious sandwiches and little cakes.

There was a goodly attendance and all thanked Mrs. Webb, their leader for the pleasant evening.

AN EVENING WITH

MISS LAVENDAR.

Last Tuesday evening Mr. and Mrs. Ben Atkinson opened their attractive home on E. 13th Street to an informal gathering of the ex-students of State University, naming Miss Roberta Lavendar of the Latin Department at State, as honoree.

Miss Lavendar lectured Tuesday afternoon to the faculty of Yoe-Hi School and the parents of our town in the interest of education, and especially Latin.

Many ex-students accepted the invitation to attend this pretty complement to Miss Lavendar and thoroughly enjoyed the interesting talk that she made that evening at Mrs. Atkinson's. A musical program was given by Mrs. Royal Jeter, which was much enjoyed by all present. Mrs. Vera Moore, of Yoe-Hi faculty presided at the piano while all sang "The Eyes of Texas," after which the hostess served hot chocolate and wafers.

ST. RITA'S CIRCLE

The ladies of the St. Rita's Circle will serve a delicious Supper at 35 cents per plate Friday evening December 8th, in St. Monica's parish hall on the church grounds. In addition to the supper there will be a bazaar with many attractive useful articles which will be on sale by the ladies. A cordial invitation is extended to all friends of the parish to patronize this Bazaar and Supper as generously as possible and thereby encourage the ladies of the circle who are so unsparing of their efforts to make the affair a success, besides assisting a very worthy cause.

METHODIST MISSIONARY.

The Women's Missionary Society of the Methodist church met Monday afternoon at 3:30 o'clock in the church. The President Mrs. J. B. Lindsey presiding. A short consecration service preceded the election of officers for the ensuing year—Mrs. Lindsey

resigning—Mrs. Leland Green was elected president.

Vice President Mrs. Howard Baskin.

Superintendent of Young People, Mrs. W. O. Triggs.

Superintendent of Juniors, Mrs. F. Dunlap.

Superintendent of Social Service, Mrs. R. L. Batte, Sr.

Superintendent of Study and Publicity, Mrs. W. A. Bonds.

Corresponding Secretary, Mrs. R. S. Boykin.

Recording Secretary, Miss Maggie Lou Aycock.

Treasurer, Mrs. D. H. Slaughter.

Local Treasurer, Mrs. J. S. Bragg.

Agent—Missionary Voice—Mrs. T. J. Denson.

After the election of officers plans were completed for the opening of the Bazaar Thursday morning at 10:00 o'clock at Posey's Model Bakery.

Quite a collection of beautiful articles has been contributed by the ladies of this organization and they solicit your patronage.

Mr. and Mrs. B. L. Douthitt of Rockdale visited Sunday in the home of Mr. and Mrs. Clark.

Mrs. Geo. Johnson and daughter Veta, of Waco were week end guests in the home of Mr. and Mrs. Vernon Eanes.

Smith's Best Soft Wheat Flour at The Farmers Cash Store. 32 ct

PIPE LINES OWE THE STATE OF TEXAS OVER 10,000,000.00

SENSATIONAL DISCLOSURE OF DISREGARD FOR GROSS TAX LAWS.

United States District Judge Duval West, acting on the request of attorneys for the Texas Pipe Line Company, has written another and a very interesting chapter in the controversy between the pipe line companies and the State with reference to the gross receipts law. This matter, first broached in San Antonio Express Thanksgiving morning, has straitened the State and Judge West's action in enjoined Attorney General Keeling from bringing suit against the corporation named and against Comptroller Smith from even calling on the plaintiff to make a report of its gross earnings is not expected to allay a bit of the feeling.

Judge West's order was issued in chambers at San Antonio Wednesday morning. Rumors that something in connection with pipe-line business was doing in San Antonio were rife in Austin. But attaches of the court gave out no information with regard to the West injunction and the first actual knowledge that reached those most interested came from Comptroller Lon A. Smith after he was served with papers in the case Saturday. The injunction is to continue 20 days from date of service of the subpoena, which will make hearing come in time for a Christmas present for somebody.

The temporary injunction issued here in equity hearing No. 338 is considered most remarkable. The Attorney General under the specific instructions can not sue and the Comptroller is not allowed to even ask the pipe line company for a report. Attorney General Keeling was in San Antonio Wednesday. It was stated he would come to consult former Federal Attorney General T. W. Gregory on the Red River cases, these being the celebrated dispute between Texas and Oklahoma.

Attorney Gen. Keeling was asked by a staff correspondent of San Antonio Express Tuesday morning, November 28, about the gross receipts law as it affects the pipe-line companies. He had been officially advised, as has been published in San Antonio Express, April 28 last that the pipe-line companies were ignoring the law. Mr. Keeling moved the next day in the matter of litigation and on the same day he was acting against the pipe-line companies at Austin, the Texas Pipe-line Company was acting against him and Comptroller Smith.

The seriousness of the case from a pipe-line viewpoint may be guessed from the rigid injunction sought and obtained here. There can not be many who will doubt that pipe lines, refrigerator car companies, gross receipts and the law bearing thereon, will receive attention that will thrill when the Legislature meets. Texas wants a look-in at pipe-line books.

The order of the court as prepared by Clerk D. H. Hart and served on the Comptroller tells in detail the tremendous sweep of the injunction. It follows:

United States District Court,
Western District of Texas,
Austin Division.

The Texas Pipe Line Company, plaintiff vs. W. A. Keeling, Attorney General and Lon A. Smith, Comptroller of Public Accounts, defendants. No. 338. In equity.

The President of the United States of America.

To Lon A. Smith, Comptroller of Public Accounts of the State of Texas:

Whereas, in the above entitled cause, a motion for the issuance of a temporary injunction has been made

by Texas Pipe Line Company and duly filed, and the Honorable Duval West, United States District Judge for the Western District of Texas has made his order thereon in writing, as follows:

"Whereas, in the above cause a motion for the issuance of a preliminary writ of injunction has been duly filed, and the hearing on said motion and application for an interlocutory injunction will be held at such time as a special court, as provided by law, can be convened for that purpose, and it having been made to appear that there is danger of irreparable injury being caused to the plaintiff before the hearing of said application for a writ of injunction unless the said defendants are, pending such hearing, restrained as herein set forth.

Now, therefore, take notice that you W. A. Keeling, as Attorney General of the State of Texas, are hereby restrained and enjoined from instituting any suit or suits to collect the gross receipts tax or penalties from the plaintiff under and by reason of the provisions of Article 7374 of the Revised Civil Statutes of the State of Texas, or to restrain the plaintiff from doing business in Texas until said purported tax is paid, and that you, Lon A. Smith, as Comptroller of Public Accounts of the State of Texas are hereby restrained and enjoined from calling on the plaintiff to make any report or reports of its gross receipts received from transporting petroleum by means of a pipe line or pipe lines, under and by reason of the provisions of Article 7374 of the Revised Civil Statutes of the State of Texas, and from prosecuting the plaintiff for failure to make any report or reports in connection with its said business, or for doing or refusing to do or omitting to do any act required of it by said purported order to remain in full force and effect until further order of this court in the premises.

Done at chambers, this the 29th day of November, 1922, at 9:12 a. m. at San Antonio, Texas.

(Signed) DUVAL WEST, Judge."

Now, therefore you, the said Lon A. Smith, as Comptroller of Public Accounts of the State of Texas, are hereby temporarily, and until the further order of this court, restrained from calling on the plaintiff, the Texas Pipe Line company to make any report or reports of its gross receipts received from transporting petroleum by means of a pipe lines, under and by reason of the provisions of article 7374 of the Revised Civil Statutes of the State of Texas, and from prosecuting the plaintiff for

failure to make any report or reports in connection with its said business, or far doing or refusing to do or omitting to do any act required of it by said purported gross receipts tax law.

And you are to remain so restrained until the hearing upon said motion for temporary injunction and the further order of this court in the premises.

Witness the Honorable Duval West judge of the United States District Court for the Western District of Texas, and the seal of said district court affixed at the City of Austin, Texas, this the 29th day of November A. D. 1922.

D. H. Hart, Clerk.

BEN ARNOLD

Miss Martha Reaves, sister of Henry and George Reaves and who has been teaching school at Haud, Texas, died last Friday morning and was brought back here for burial. The funeral service was conducted by Rev. Wester of Rosebud. The grave was a mound of flowers sent by loving friends as a slight token of their love. The distressed love ones have the sympathy of the community.

William McClendon happened to a painful accident last Saturday when he attempted to crank a Ford. He is

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Talk of the Passing of Bigotry!

And we find the Ku Klux Klan holding a masked mass meeting in Boston, with a gentleman named Mahoney, "Imperial Klokard," as the principle rantor, stirring the night riders to tumultuous applause with his abuse of a certain fraternal order. Telfair Mint on, an Anglo-Saxon sycophant of some notoriety, was prominently present. And all this within the shadow of Bunker Hill! Ignorance can be transformed into bigotry more easily than into bliss.

MOTHER! MOVE CHILD'S BOWELS

"California Fig Syrup" is
Child's Best Laxative

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little stomach is upset, tongue coated, or if your child is cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender,

little bowels and gives you a well playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching
Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

CAMERON AWARDED 1923 MEETING OF THE TEXAS METHODISTS

Cameron has been selected as the meeting place for the 1923 annual convention of the East Texas Conference of the Methodist church.

In the meeting held at Marshall this city won on the first ballot in competition with Lufkin and Orange and other points of consequence in the East Texas conference.

Rev. Ira F. Key and Judge Jeff T. Kemp representing the local church as delegates to the meeting presented the claims of Cameron and were aided by request made from Cameron including the Commercial Club and Mayor J. B. White on behalf of the city.

This is one of the most important meetings in the entire government of the church in Texas, comprising many districts of the East Texas counties with Houston the largest city.

Rev. Key who returned to Cameron Monday will be with the local church for another year and feels that the conference meeting here in 1923 is a compliment to his congregation who have erected a new church and wrought in many ways for the advancement of the church during his administration.

T. F. HARDY HEADS DRIVE IN COUNTY

SERVICE APPEAL OF GREAT ORGANIZATION TO BE PLACED BEFORE THE PEOPLE.

T. F. Hardy, President of the Cameron State Bank, was elected Tuesday to lead the Salvation Army service appeal in Milam County. Mr. Hardy was chosen at a meeting held in the Court House Tuesday by members of the advisory board of the county.

A representative of the Salvation Army was in Cameron to attend the meeting.

The Salvation Army's service appeal for Cameron opened in Milam County Dec. 1st. This county has been asked to contribute its share of the amount asked in Texas to enable the Salvation Army to continue and extend its great service.

The people of Cameron and those living in the remote sections of the county have heard of the wonderful work of this great humanity serving organization. It is the organization that extends a helping hand to the men and women "who are down but never out."

The salvation Army has a mighty fine slogan in dealing with the needy and unfortunate. This organization believes in rendering help and asking questions afterwards.

Milam county is fully organized for the appeal which is backed and supported by the leading citizens of the state and community.

When the committee calls on you don't say "Well times have been hard" We all realize that, but the harder the times the greater the need of the Salvation Army.

Don't depend on "George" or the other fellow to give "Kick in" yourself. If everybody depended on the other fellow to give, the appeal would fail.

And if the Salvation Army depended on some other organization to help the needy and unfortunate, thousands

of men and women would become human driftwood each year.

Let's put Cameron on the map by subscribing our quota one-hundred percent.

The appeal will continue from Dec. 1 to Dec. 8.

CAMERON MUTUAL AID INSURANCE ASSOCIATION PAYS ITS FIRST CLAIM.

The Cameron Mutual Insurance Association, a local mutual aid association of which Dr. T. J. Denson is President, has paid its first death claim of \$258 to Mrs. Louise Bolf of Buckholts, on the death of her husband Frank Bolf.

At a meeting of the association Wednesday in the directors room of the First National Bank the board of H. M. Hefley, Robert McCane and J. B. White authorized the payment of the claim of \$258. A check for this amount signed by Dr. Denson has been delivered to Mrs. Bolf by C. W. L. Schaeg, secretary and treasurer.

This is the first claim to have been paid by the Association which was organized in May of this year. The officers of the company are Dr. T. J. Denson, President; Penn Wolf, Vice-president; C. W. L. Schaeg, secretary and treasurer.

GAUSE ROAD BONDS ARE SOLD AT PAR

BUILDING OF IMPORTANT LINK IN HIGHWAY ASSURED BY SALE

The Gause road bonds have been sold at par and accrued interest according to O. D. Baker who was in Cameron Tuesday. Delegations from Gause, Milano, Rockdale, Thorndale, Taylor and Hearne will go before the State Highway Commission in a short time to make application for the State and Federal aid money to be applied on this road.

This road will traverse the eastern and southern line of the county to connect up with the road being built from the Roberson county line to Thorndale and to be known as the B. V. D Highway.

This project connects up with the construction of a bridge across the Brazos near Gause which is being constructed at a cost of \$120,000. Of this amount Milam county will pay \$15,000

NOT BE PUT OUT OF NEW YORK SAYS KLAN HEAD

AN GROWING LIKE WILDFIRE
SAYS IMPERIAL WIZZARD
EVANS.

Fort Worth, Texas, Dec. 2.—Making his first appearance before a Klan since his election as Imperial Wizard, highest active office of the order, Hiram W. Evans of Dallas Saturday night addressed Fort Worth Klansmen of the Ku Klux Klan No. 1 in the Chamber of Commerce auditorium. Shades were drawn over the windows as the Imperial Wizard spoke. The auditorium was filled with men. Only klansmen were admitted.

At the imperial klonvocation at Atlanta, national klan headquarters, Monday night, Evans was elected to succeed Imperial Wizard W. J. Simmons, founder of the order, who was elevated to the place of imperial emperor, a place just created.

Evans came to Dallas directly from Atlanta. He visited friends there and then came to Fort Worth for his appearance before the local klansmen. He left late Saturday, returning to Dallas by automobile. He stated that he will spend the next week in Texas cities, visiting old friends and enjoying a vacation before his return to Atlanta. His election as imperial wizard came after a year of service he gave the klan during which time he went into practically every state in the union in the interest of the organization.

Speaking before the local klansmen Evans declared that the organization has just passed through a historical stage. He said that the nearly 3,000 klans in the United States have been "molded together into one great, militant, Christian organization."

"The next few years will be made safer for our country," continued the imperial wizard; "because of the consecrated patriotism of our native-born, American, Christian men."

He spoke of the national meeting at Atlanta as a "most peculiar congress in that no discord was struck, no selfishness was apparent and genuine klanishness was manifested everywhere."

"It was remarkable," he said, "in that the widely scattered klansmen, regardless of local peculiarities, evidenced absolute singleness of mind."

Evans complimented the Ft. Worth klan on its "strength of personnel," and the "outstanding personality of its officers." He said the order here had made rapid strides until today it was one of the strongest klans in the United States.

The local klan presented the im-

perial wizard with a huge basket of flowers.

In his new position with the klan, Evans will be the "director general" of the order throughout the United States.

Dr. Evans said that Dr. Lee W. Thompson, Methodist minister, of Atlanta, would address the Fort Worth Klan next Friday night at its usual meeting place. He explained that Dr. Thompson has no official position with the klan, but has been prominent in organization work. His last pastorate was in Richmond, Va., which he resigned to enter army service, having served three years overseas. Dr. Evans said Dr. Thompson was here last night, but left the city.

**ROCKDALE WELL GOOD
FOR 40 BBLs. NATURAL.**

Rockdale, Texas, Dec. 2.—At a depth of 706 feet the Lee-Haus Oil Company has a completion in its No. 3 Neihaus, which is making 40 barrels natural. This company is drilling in its No. 4 Neihaus; No. 5 is rigging up. This lease is 30 acres adjoining the Lee Oil Company's 100-acre lease on which there are 11 producers. The 30 acres is so far developing into the richest production in the Rockdale-Minerva field.

Total daily yield of the field now is around 540 barrels.

FOR RENT—Two unfurnished rooms or one furnished bed room and one unfurnished. See me at post office. Joe Matula. 30-1f

The Quinine That Does Not Affect The Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or dizziness. It is the only quinine that does not affect the head. F. W. GROVES' signature on box.

MOVE TO OUST EARLE B. MAYFIELD

KLAN NOT ISSUE—EXPENSE
FIGHT TO BE WAGED ON
SENATOR ELECT.

Washington, Dec. 2.—With the arrival of R. B. Creager of Brownsville, one of the dictators of Republican patronage in Texas, the fight of the Republican and anti-klan forces in that State to have Earle B. Mayfield ousted as Senator, has been started.

Creager would not admit this, but his friends were less reticent, and thus it became known that the Texas Republicans intend to find out through conferences this week how the plan for denying Senator-elect Mayfield his seat will be viewed by the majority Senators.

Some progress already has been made, and although no definite understanding has been reached, it is hinted that the Republican leaders in the Senate welcome this case from Texas as a means of championing the cause of "clean elections." With this in view, it has been suggested that the charges against Mayfield should center on the alleged excessive expenditures made in his behalf during the primary campaign.

Republican Senators, who voted against seating former Senator Newberry will stress this issue, while those who "stood by the administration" and voted to seat Newberry, will contend that Mayfield should be

ousted on the ground that the refusal to permit George E. B. Peddy's name on the ballot as the Republican candidate vitiated the election.

If the recommendation of the Republican leaders is carried out the question whether or not Mayfield is a member of the Ku Klux Klan will not be a direct issue, although it will be a factor just the same. By assuming this position the Republicans believe they will place the Democrats in a hole.

It is pointed out that every Democrat now in the Senate voted against Newberry on the ground of excessive primary campaign expenses, and that a case can be made out against Mayfield differing only in a degree from that which caused the Newberry upheaval. In both cases it is urged the legally authorized limit was exceeded many times, the main difference being that Newberry's relatives contributed the amount spent in his behalf, while in the Mayfield case the money was donated by friends.

In addition to sounding out sentiment on the Mayfield case, it is known that Creager, while in Washington, intends to make inquiries as to the North Texas Federal judgeship, several postmasterships hanging fire and the probable successor to the late Judge W. F. Ramsey as Federal Reserve agent for the Dallas bank.

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 50c per bottle.

GIRL'S STATEMENT WILL HELP CAMERON.

Many women will profit by the following statement of one of their sex: "I was afraid to eat on account of stomach trouble. Even rice did not agree. After taking Adler-i-ka I can eat anything." Adler-i-ka acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach. EXCELLENT for gas on the stomach. Guards against appendicitis. It brings out poisonous matter you never thought was in your system. For sale by the New Cameron Drug Company.

EXPECTED TIRE PRICE RISE DISCUSSED

St. Louis, December 12—An expected increase in the price of automobile tires was the chief topic discussed at the convention of the Mid-West Rubber Manufacturers Association held here recently. The British scheme to regulate the production of rubber in the British Possessions by imposing a production tax and so stabilize the price of crude rubber, was pointed out as the chief influence in the expected advance in tire prices.

About 60 delegates from the entire Central West, representing 13 tire manufacturing members and 18 associate members producing materials used in manufacturing tires attended. According to W. W. Wuchter of the Nebraska Tire and Rubber Company of Omaha, Neb., President of the association, the executive session was occupied with the discussion of the British tax on rubber production and its effect on the tire business and with the discussion of cost accounting from the standpoint of the smaller tire manufacturer to obtain a uniform sound system.

President Wuchter opened the discussion by pointing out that the only things that went down in price in 1919 were tires and postage stamps.

The discussion showed a prevailing belief that the rising cost of tire materials would cause a rise in price of tires. E. T. Meyers of F. R. Anderson and Co. rubber brokers of Akron, O., explained to the meeting the details of the British restriction scheme and the British effort to stabilize the price of crude rubber at about 15 pence per pound. J. S. Budd of the Bibb Manufacturing Company of Macon Georgia fabric products, pointed out the fact that the prices of cotton, of which the United States was the largest producer. A subsequent speaker declared it favor of an American export tax on cotton retaliation against the British rubber production tax.

DEATH SUDDEN FOR GOODHUE SMITH.

An affection of the heart, with which he had been troubled for last six months, resulted in the sudden death at 8 o'clock Wednesday night of Goodhue Smith, aged 30, who passed away at his home, 2123 Colcord.

Three weeks ago Mr. Smith returned from John Hopkins hospital, where he went for treatment, greatly improved in health. He ate his supper and was, apparently, in good health Wednesday evening until about 20 minutes before the fatal attack came.

The funeral took place Friday morning at 10:30 from the family residence, with Rev. C. T. Caldwell, pastor of the First Presbyterian church, officiating, interment was made in Oakwood.

Active pall bearers were: E. B. Cartwright, Raymond Boykin, H. B. Hays, C. C. English, Harry Cross, Baker Duncan, S. M. Price and Watt Lindloff. Honorary: A. J. Peterson, R. B. Dupree, Walter Lacy, Dr. M. W. Colgin, J. P. Willis, A. P. McLendon, T. F. Bush, Joe Willis, Davis Stribling Waco; Dr. D. E. Monroe, Cameron; Ed. Brown, McGregor.

Born and reared in Cameron, Mr. Smith came to Waco in 1918, from Dallas, and engaged in the automobile

Will be at

AUDITORIUM HOTEL

Saturday, December 9th.

Office Hours: 10 a. m. to 4 p. m.
ONE DAY ONLY.

No Charge for Consultation.

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the state of Texas. He visits professionally the more important towns and cities, and offers to all who call on this trip free consultation, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of the stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin nerves, heart, kidney, bladder, bedwetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

If you have been ailing for any length of time and do not get any better, do not fail to call, as improper measures rather than disease are very often the cause of your long standing trouble.

Remember above date, that consultation on this trip will be free and that his treatment is different.

Married women must be accompanied by their husbands.

Address: 336 Boston Block, Minneapolis, Minn. 29-3tp

business, in which he had been eminently successful. A young man of attractive personality, with aggressive and up-to-date business tendencies, he forged to the front rapidly in business circles here.

Mr. Smith took an active part in all undertakings pertaining to the up-building of Waco, being among the most willing workers, and ever in the front ranks of those who labored for the progress and development of his home city. He was active in the Young Men's Business league, the Rotary club and other organizations here, and he was a participant in all of the more important campaigns conducted by the Y. M. B. L. and Rotary club during the last four years. He was also a Mason and a member of Karem Shrine temple. He was a member of the First Presbyterian church.

Surviving Mr. Smith are his wife, nee Miss Beuna Clinton; a three-months-old son, Goodhue Smith, Jr., his parents, Mr. and Mrs. H. F. Smith, Cameron; two brothers and three sisters, Oxsheer and H. F. Smith, Jr., Cameron, Mrs. Rush A. Thomas and Miss Aetna Smith, Cameron, and Mrs. Vernon McIntyre, Alpine, Texas. Mr. Smith's parents are among the very prominent of the pioneer residents of Milam county.—Waco Times-Herald.

PLAN AID TO WOODMEN FOR PURCHASING HOMES.

Omaha, Neb., Dec. 5.—W. A. Fraser sovereign commander of the Wood-

men of the World, has presented a plan to the executive council recommending loans of \$1,000,000 annually to members of the order to build or buy homes of their own.

This own-your-own home movement, it is expected, will be approved and the loans will begin as soon as the necessary business details are arranged. Mr. Fraser's idea is to have every member of the fraternal society own his own home eventually. The order numbers 800,000 members throughout the United States.

Under the proposed plan, the Woodmen would select a reputable mortgage company in each state. Members desiring loans would apply to the mortgage company which would inspect the property to be purchased and file a report with the Woodmen. If the mortgage company recommends the loan, it would agree to the collection of interest and principal, guaranteeing the value of property and improvements.

If the loan is made, the Woodmen would advance the amount to the mortgage company, which would charge the borrower probably one-half of 1 per cent of the loan as compensation for its services.

The borrower would be required to carry a life insurance for at least the amount of the loan, the premium to be merged with the interest due on the

loan to be collected by the mortgage company and remitted to the Woodmen. The insurance certificate would be assigned to the Woodmen.

"Every man of family should own his own home and I want to make it possible for every one of the 800,000 Woodmen to be a householder," said Mr. Fraser. "Every member should arrange for sufficient home protection so that if he dies before the home is paid for, it will not be necessary for his wife or family to sacrifice the home at forced sale or lose it because of inability to meet the maturing mortgage."

"Our Family Medicine"

"I WILL WRITE you in regard to Black-Draught liver medicine, as I have been using it more than 18 years," says a letter from Mr. S. F. Mintz, of R. F. D. 2, Leland, N. C. "I keep it in my home all the time, for it is mostly our family medicine. When we begin to feel feverish or sluggish, with trouble from the liver or stomach, we take a dose of Thedford's Black-Draught and the trouble is soon over. I mostly buy a dollar package at a time, and it has saved me many a bill."

Thedford's Black-Draught is a

purely vegetable remedy, acting on the liver, stomach and bowels. It is made from selected herbs and roots, and contains no calomel or other mineral drugs.

It has been found of great value, in indigestion, stomach trouble, sick headache, constipation, and lazy liver, helping to relieve the symptoms caused by these troubles, and to put the digestive system into proper working order.

Get a package of Black-Draught liver medicine from your druggist or dealer, today. Be sure to get the genuine—Thedford's.

Thedford's

BLACK-DRAUGHT

A Purely Vegetable Liver Medicine

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle, Large size \$1.00
JAMES F. BALLARD, Prop. St. Louis, MO.

AN OLD RECIPE TO DARKEN HAIR

Common Garden Sage and Sulphur makes streaked, faded or gray hair dark and youthful at once

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by

the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

THE CENTAUR COMPANY, NEW YORK CITY.

BOYS' PRANK ENDS IN DEATH OF LAD.

Franks of boy opossum hunters late Wednesday night resulted in one of the most pathetic tragedies in local history for many years, Preston Jones, 16-year-old youth, being fatally shot when he was mistaken for an intruder at the J. W. Carnes home a few miles east of Bottoms and about 12 miles northeast of Temple. Preston Jones was the eldest son of Mrs. Ola Jones of Troy and was a member of a well-known Bell county family.

Mr. Carnes, 77 years old, single and his sister, 68 years old and single, live in a small homestead where they have resided for the past 50 years. Boys returning from an opossum hunt are said to have thrown rocks on the porch and then returned later to tease the old couple by stamping on the narrow front porch. Mr. Carnes, who said that he had never been bothered by the boys before did not know that it was a prank of the boys of the neighborhood and became alarmed he said, thinking that "murderers and thieves with many dogs" were seeking to harm him. The woman was alarmed, she told officers yesterday, and did not think that it might be a boys' joke.

The little home is a small building with only two beds in it and a small four-pane window looking out upon the porch. The lower part of the window, which could be opened, was covered with a net of miscellaneous wires to keep the chickens from coming into the house. Just underneath the window two pet chickens of the old couple roosted at night and when a large rock struck near the window, the two are said to have been frantically frightened. Presently the woman cried out: "John, they're coming back," and the man picked up his old shotgun, a single barrel, breach-loading, "zulu" model of many years back, and stuck it through the wire on the tiny window, he said.

He told officers that he warned that he would shoot and that there was no answer. He fired, he said, and the boys left. He claimed that he did not know that he had struck any one until yesterday morning.

Young Jones was struck in the right shoulder with a charge from the gun at very close range. He went about 75 yards and fell. His com-

rades started to Temple to a hospital with him but he died en route.

The pathos of the tragedy came in the fact that the youth's widowed mother is said to have been an especial friend of the old man and his sister and nursed them through a serious spell of sickness last winter, while the boy who was killed cared for their stock. The man, feeble with his years, was unable to come to the justice court here yesterday at the investigation without every assistance and attention of the officers. His sister too was suffering badly from the shock. No charges were filed in connection with the case yesterday.

Funeral services were held yesterday afternoon at the Troy Methodist church at 2 o'clock, conducted by Rev. J. W. Sharburt. Hundreds crowded into the church. Interment was at the Roberts cemetery three miles north of Troy.

Mrs. Jones, mother of the slain boy, a daughter of the late Emmett Watson, former Temple and Troy merchant.—Temple Telegram.

R. B. PORTER OF EDDY COMMUNITY IS FATALLY SHOT.

Mystery still surrounds the fatal shooting of Robert Bruce Porter, 45, prominent farmer and member of one of Central Texas' leading families, which occurred on his farm near Eddy just over the McLennan county line late Tuesday. Mr. Porter was a son of Mr. and Mrs. Jack Porter of the north Troy community.

Clarence Johnson, son-in-law of the slain man, was charged with murder in connection with the case before a justice of the peace but waived examining trial and was released on a \$2,000 bond without making any statement. Officers had no clue as to the cause of the difficulty and neither family would make any statement other than there had been no trouble between them and that they had never been the slightest show of ill-will between them. Clarence Johnson was married to Mr. Porter's daughter a few months ago and is a tenant on Mr. Porter's farm.

Mr. Porter had been picking cotton and left the field to go to his son-in-law's home. He was found dying shortly afterwards at the Johnson home with a 22 calibre rifle bullet

lodged in his side. He was unable to make any statement.

Funeral services were held at the R. B. Porter home yesterday afternoon, conducted by Rev. J. W. Hoisapple of Temple. Burial was at the Eddy cemetery.

Mr. Porter was born at the old Porter home north of Troy, Feb. 23, 1877. In the fall of 1899, he was married to Miss Betty Fowler and to this union seven children were born, all of whom are living: Mrs. Jesse Row, widowed daughter who was living with her father and mother; Mrs. Clarence Johnson, Oscar, 14, John 12, Miss Berna, 16 and Erna, 7. He also survived by his wife, four brothers, Tom Porter and Isaac Porter of Temple and Ed. and George Porter of Troy; two sisters, Mrs. Ona Willis of Temple and Mrs. Woodrum of Pahuca, Texas.—Temple Telegram.

SALVATION ARMY.

The Salvation Army is presenting to the Citizens of Milam County and Cameron an appeal for funds with which to carry on its vital work.

Tuesday December 5th. Committees appointed by the Commercial Club, Lodges, Churches, American Legion, and other organizations canvassed the town soliciting funds and distributing buttons to the contributors. These committees have the endorsement of the organizations which they represent and of the Salvation Army, and it is hoped that they will succeed in raising a substantial sum to keep up this great unselfish work.

While most people are acquainted with the War time work of the Salvation Army, many are not acquainted with the Peace-time work; few people know that the "Army" is now

doing a work vastly more important than it did in the war. A few of the things that it is doing include the maintenance of homes for working men and women, maternity homes, baby farms, and lodging houses for the derelicts of the cities, the relief of victims of the various disasters, as well as the well known mission work and street services that first made the Salvation Army famous. It is safe to say that no other organization touches the work of the Salvation Army; it has a field of its own that is left entirely to it; and its work in that field has been gloriously done.

Within the last few years the work of the Salvation Army has been felt more and more in the rural districts and the small towns. Young men and women going to the cities from the country find the "Army" always ready to steer them around the pitfalls of an unfamiliar life; and the maternity homes have become asylums for the poor wayward girl from the country and the small town, as well as from the city. There is no distinction made as to the origin of a person needing help.

A contribution to the Salvation Army is an investment in the future

welfare of Cameron, Milam County, Texas, and the nation. The undersigned urge the citizens of our city and county to give freely to this noble cause.

Respectfully,

T. S. Henderson, Jr., Acting Chairman of the Advisory Board; T. F. Hardy, Director of the Campaign in Milam County; Roy Baskin, J. B. White, U. S. Hearrell, W. O. Triggs, W. G. Gillis, O. L. Kidd, Advisory Board Members; A. F. Mitchell, Commander American Legion; L. L. Blaylock, sheriff.

Studebaker

There Is No Substitute for Quality

When you buy a house you make sure that the foundation, the walls and the roof are constructed for permanence. Buy a motor car in the same way.

The sturdy body of the Studebaker Light-Six Sedan is an admirable example of substantial body-building. It is constructed of the finest materials and with a high degree of craftsmanship to give years of satisfactory service—no makeshift construction merely to meet a price.

Eight stout ash pillars, from floor to roof, insure permanent strength and rigidity. The four wide-opening doors are a real convenience in getting in and out. Broad windows provide clear vision in every direction.

Seats are of generous proportions with deep springs to give lasting comfort. The upholstery is of mohair velvet plush, as durable as it is attractive. The heater will give warmth and comfort on cold days.

The Light-Six has proved its reliability on the highways of the world. The ample power, quietness and remarkable flexibility of its motor are a source of continuous satisfaction. It is easy to handle in traffic. Constant gear shifting is unnecessary because it throttles down to a walking pace in high gear. Vibration, which is so annoying in closed cars, is virtually eliminated.

The low price is due to complete manufacture by Studebaker in one of the most modern and complete automobile plants in the world. Middlemen's profits are eliminated and the savings are passed on to the buyer.

The name Studebaker stands for comfort, quality and durability.

ONLY TEN SURVIVORS OF TERRY'S FAMOUS RANGERS SWAP YARNS AT REUNION.

Austin, Dec. 2.—The 10 surviving members of the famous Terry's Texas Rangers, which during the War between the States numbered 1,500, held a reunion here recently and swapped reminiscences. Although whitened, bent and their eyes dimmed by age, the 10 are as enthusiastic over the regiment and its brilliant record as they were in the sixties. Terry's Rangers is one organization that refused to surrender to the Union forces following Lee's defeat.

The reunion was the regiment's fifty-first and attending were William Wallace, Austin; John W. Washington, Granada; M. D. L. Hargrave, Austin; Sam Maverick, Galveston; T. M. Rector, Manor; George T. McGehee, San Marcos; Dr. Gus Hill, Bastrop; John W. Hill, Smithville; William Owens, Elgin; John Farmer, Houston.

The idea of recruiting a regiment of native Texans came to B. F. Terry when he was serving in the Confederate army in Virginia. He believed that he could raise a regiment of cavalry that would excel any in the war, because of the marksmanship and horsemanship of the Texans. Terry himself was a tall, fine-looking man, endowed with a faculty for leadership.

The work of organization was effected in a remarkably short time, even though each man was required to furnish his own arms and equipment. The regiment went immediately into the war and fought continually throughout. And at the conclusion of the struggle the remaining members disbanded and returned home. Terry was killed in the first engagement.

William Wallace, 79, of Austin, who enlisted at 17, and was with the Rangers from the beginning, tells many graphic tales of Ranger activities.

"I remember that last fight," he said. "We were attacked in camp one night and escaped by jumping barebacked on our horses and forming further to the rear. We made a counter-charge and succeeded in capturing some prisoners. I asked one of them what was the news. He said 'General Lee and 30,000 men have surrendered.' I told him I didn't believe it, though something told me that it was true.

"There was a lull in the fight, and we learned that General Johnston was negotiating. Well, it looked like there was a funeral in camp. It was the saddest day of our lives. We had fought four years for a cause and now had to give it up.

"Johnston surrendered. As soon as news reached us, we resolved that we would never surrender. So we went out of the camp in groups. I went with Tom Gill. There were only two ways out—directly through the enemy lines or around their flanks. We decided to go through them. As we started, we met Colonel Harrison, who was wounded. He said, 'Where are you going, boys?' We told him, 'It's all up.' 'Has the regiment disbanded?' 'Yes,' Harrison wept like a child and said, 'If all had done as well as the Rangers, this wouldn't have happened.' The Yankee pickets were everywhere, but a citizen showed us a ford that was not guarded, and we passed through the

lines. Some distance back we passed Jefferson Davis and his Cabinet getting away. I saw some trunks which I believe held the Confederate archives.

"After several days we got to Memphis and went to General Washburn's headquarters. There we got paroled, but did not take the oath of allegiance. From there we took a boat down the Mississippi to New Orleans, going on to Galveston by boat and departing for our home."

Wallace had three horses killed under him during the war, though he was never wounded. It was the doctrine of the Rangers that if a man didn't get another horse when he lost one, he wasn't much account. But could one consider a mule in that class?

"Yes, sir," Wallace chuckled, "I got down to a mule once. He was a good mule to ride, but, sir on the first charge I made with him, that mule ran away. I only fired one shot in that battle. I ran the mule into a fence and stopped him."

The Rangers were better armed than the majority of the Confederate troops, frequently having from two to four revolvers apiece. Their uniforms were for the most part nondescript, since they took whatever clothes they could find. Their duties consisted mainly of guarding the rear of the main army, and it was in their counter charges to drive back pursuers that they were most feared. As L. B. Giles of Company D, in a letter said: "The fight with the Rangers was to be in line for promotion in this world or the next." The men were required to stand guard at all hours, sometimes having to saddle their horses on nights so cold that hands stuck to gun barrels and bridles; and they had to put these bits into the mouths of the horses.

An amusing incident that took place during a charge on part of Guell's army is often told by the veterans. The Rangers had scattered the Federals and were themselves pretty well separated in the chase. John B. Rector, seeing a lone Yankee rushed up and demanded his surrender. "Surrender yourself," replied the man, leveling his pistol. Rector's gun was empty and he promptly complied. Just at that time Bill Davis, a large, fierce-looking man, dashed up and asked: "John, why don't you disarm that Yankee?" John replied: "I am a prisoner myself, Bill." Instantly Davis brought his pistol against the head of the Federal and cried: "Give up them pistols." They were promptly handed over and the prisoner escorted to the rear. It developed that it was a game of bluff all around, for all the firearms were empty.

M. D. L. Hargrave, 80 years of age, the only member of Company E of the Rangers now living, was standing only a few steps from Colonel Terry in the battle of Woodsonville when he was killed. The bullet passed through the head of Terry's horse and struck Terry on the chin. After that battle the Confederates returned to Shiloh, with the Rangers at the rear, fighting every day. At Shiloh the Rangers charged a 10-gun battery and succeeded in capturing the entire battery. Hargrave had just reached one of the guns and started to throw one leg over the cannon when a Union man fired at him from behind the gun and the bullet struck him in the leg.

Maj. George W. Littlefield, founder of the American National Bank of

Austin and ex-regent of the University of Texas, who died in Austin two years ago, enlisted with the Rangers when but 19 years old. He was seriously wounded in a skirmish near Mossy Creek, a large fragment of shell lacerating his left hip. He was sent home in charge of his negro servant, Nathan, who had been with him since he had enlisted. Nathan, who is now an employee at the Littlefield home in Austin and an honorary member of the Rangers, is over 90 years of age.

THE MAN WHO SAVES YOU MONEY.

NOT THEN.

President Harding Vetoes Bonus Bill" — News from Washington.

I remember the dawn of that cold rainy day,
Our first time over the top,
How for hours we crouched in the mud of the trench,
With our hearts going flip-pity-flop.
And at last the word came—and over we went,
Where the bullets whistled and spat;
And shrapnel screamed 'round like demons from hell,
But no one put a veto on that.

I remember a night in a thick, marshy wood,
When the Boche gave a chlorine gas ball;
We couldn't fight back, we were held in reserve—
Hand to stay there and take it, that's all.
And thicker and thicker the stinking fumes grew
While we lay there sprawling out flat,
Choking and cursing, but holding our ground;
And no one put a veto on that.

I remember the nights when with pick and spade,
We scooped shallow graves for our dead;
No songs could be sung—there were snipers around,
Not even a prayer could be said.
We had to work fast, for with coming of day,
The guns would start in to chat;
Without coffins or blankets we laid them away,
But no one put a veto on that.
—Old Timer, in Chicago Tribune.

J. O. HUGHES WILL BE CHIEF CLERK

GIVEN APPOINTMENT UNDER H. M. ROARK INCOMING COUNTY CLERK.

J. O. Hughes, widely known citizen and educator of Milam county, and candidate for county superintendent in the July primaries, has been appointed as chief clerk in the office of County Clerk by H. M. Roark who will take office on January 1.

Mr. Hughes recently moved to Cameron purchasing the Gillon home. The people of Cameron welcome Mr. Hughes as a citizen and are pleased to note that he is to have so important a part in the administration of the county government.

Mr. Roark was nominated in the primary in a hotly contested race, being opposed by Will T. Yates for re-election and Miss Lillian Atkinson. Friends of Mr. Roark south of the Little River waged an active campaign in his behalf and the strength he drew from all sections of the county was gratifying to his friends.

Mr. Roark for many years was superintendent of the Thorndale

schools and has been prominent in educational affairs of the county for a number of years. He has the best wishes of the people of the county for his coming term in office.

CHADWICK NAMED TO LEAD IN SALE CHRISTMAS SEALS.

County Superintendent Jim F. Chadwick has been elected to chairmanship of the Tuberculosis Christmas Seal sale for the Holidays in Milam county.

Mr. Chadwick was chosen to head the sales organization in the county at a meeting held last Friday afternoon in the offices of Miss Stella Carter, county red cross nurse. Mrs. Zula L. Powell representing the Texas Health Association, was in Cameron to attend the meeting to see that the organization was perfected in the county.

The sale of these stamps is for the purpose of combating tuberculosis in this state and is carried out under the auspices of the Texas Public Health Association, 616 Littlefield Building Austin, Texas.

This work is carried on in conjunction with the work of the Red Cross in the counties but is not a part of the Red Cross organization, only profiting by the work accomplished in the counties by the Red Cross, both being

mutually helpful and educational. Campaigns for funds are now under way in the county for the Red Cross Tuberculosis Seal Sales and the Salvation Army.

A Pair of Stockings

By Christopher G. Hazard

(© 1922, Westco Newspaper Union.)
BUDDY SMITH had three ideas about his stockings—they were full of feet, full of holes, and they could be full of presents. It was with regard to the third idea that he was paying attention to the second. Willing to go barefoot under the circumstances, he was tying up the holes in his best stocking, with a view to the Christmas possibilities. His sister, Agnes, had already hung up a much longer stocking, with a note attached in which she informed all who might be concerned that this one was hers. But Agnes, like the monkey that used a rabbit for a muff and kept himself warm by hugging it, was a little selfish. Not only had she hung up one of her mother's stockings, but she had got an advantage over Buddy in the matter of the chocolate cake in the cupboard, for there were holes all round it the size of her little finger.

So it was that on Christmas morning the shorter stocking had the most in it.

Salts Fine for Aching Kidneys

Eating too much meat may clog the Kidneys, then the Back hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness, and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also helps neutralize the acids in the urine so it no longer irritates, thus helping to relieve bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble.

**MEMBER OF TEXAS HOUSE
KILLED BY SON IN ACCIDENT**

Hillsboro, Texas, Dec. 2.—George W. Garrett, representative in the state legislature of Hill county, was instantly killed by the accidental discharge of a gun in the hands of his 15 year old son, Robert at 3 o'clock this afternoon. The accident occurred on Mr. Garrett's farm south of Hillsboro where he and his son were hunting. The son had re-loaded his gun and when it was accidentally discharged the shot entered Mr. Garrett's back and penetrated the heart causing instant death.

Mr. Garrett served Hill county in the 37th legislature and was re-elected without opposition in the recent election.

**THE BEST OPPORTUNITY
FOR YOUNG PEOPLE TODAY**

What the matter, young man, young women? why are you letting opportunities slip through your fingers? What are your plans for the new year? Don't you intend to qualify for a greater success? A small investment now, accompanied by earnest endeavor and a few months work in the Tyler Commercial College will fit you for a position for promotion, an increased bank account and greater satisfaction all through your future life. Why hesitate? The business offices are calling for young men and women trained as Stenographers, Bookkeepers, Cotton Classers, Telegraph operators, Radio Operators and Secretaries. How much longer will you stand idly by and see others take the choice positions and advance into places of prominence?

You can succeed. Those who are succeeding—nature didn't give a single extra bone or one nerve, muscle or brain cell than you possess. Their success was not a birthright. It came out of effort out of action. They used

their gifts, as you should use yours. They secured a training in our college that developed and broadened and increased their talents—as you should. To shoot straight you must take aim. They aimed at success and hit.

Look around you. Wherever your eye turns, you see some man or woman who had no better start than you with no better general education or "school learning" than you, but who was wise enough to enter the Tyler Commercial College or a business education, and who is today forging ahead and leaving behind, those who thought special business training unnecessary. It is necessary a medical training or a doctor or law training for a lawyer.

You should not think of future success as something which will some day come to you while you sleep. Success comes only by well directed effort.

You have made excuses and hesitated long enough. Your duty to yourself is to make the decision now. Your best interest dictates a decision favoring your entering our college now.

The object of this sharp appeal is set you to thinking of your future. If we have done this, you owe it to yourself to investigate what America's largest Business University can do for you. Thousands have already entered this year and those who have finished are holding good positions. The best time to enter is the earliest possible time you can get here.

Our classes will continue through the holiday season. Write or wire for illustrated catalogue.

HAVE you received your free copy of this booklet, which tells how Texas Cotton will be milled in Texas for the Texas Market, making profits for Texas people?

The booklet tells an intensely interesting story of facts about the wonderful opportunity which the cotton industry holds for Texas people. It is your for the asking.

There are facts in it about you:—and about all other people in this state of Texas, which produces more than ¼ the nation's cotton, and yet mills less than ½ of 1 percent of that cotton; facts about the cotton industry, which is

one of the most prosperous in the world; facts about the Texas market which demands cotton goods the year around, and is forced to buy them from the north and east at prices which include freight on the raw material going to the east, and on the finished product coming back to us; facts about the Planters and Merchants Mill at New Braunfels which offers to investors, small and large, a very wonderful opportunity to earn safe and substantial returns.

The profits of this mill are going to be paid to somebody.

Send the coupon below, and find out how they may be paid to you! Do it now!

The YOEMAN'S PAGE

YOE-HI OBSERVES NATIONAL EDUCATION WEEK.

Last week was proclaimed national week by President Harding, The American Legion, And Governor Neff of Texas. Yoe-Hi was visited by a large number of its patrons. Mr. Kidd has demonstrated to them modern methods of teaching English. Miss Lavender Adjutant Professor of Latin in the University of Texas, spoke to the patrons Tuesday afternoon and to the students Wednesday Morning along educational lines. On Wednesday afternoon visitors were shown just what physical training of student has in school and the Seniors and Juniors participated in a lively game of basketball, resulting in the defeat of the Juniors.

YOE-HI WINS THRILLING GAME.

Rogers forfeited her game with Cameron Friday in order to see the Waco-Temple game and Cameron gets the decision 1 to 0.

GEORGETOWN GOES DOWN IN DEFEAT AGAINST YOE-HI

Last Wednesday Yoe-Hi concluded a very splendid season under Coach Perkins. Yoe-Hi played her last game of this season at Georgetown letting this team down with a 13 to 7 decision. The game started at 3 o'clock, both teams taking light practice. Georgetown scored first when McCall fumbled a difficult punt; Georgetown recovering. There being a strong gale the punt was difficult to judge. But the second quarter began like a whirlwind for Yoe-Hi; series of off tackles plays and end runs put the ball on Georgetown thirty yard line. Mack made up for his error when he plunged through the line for thirty yards for the initial touchdown. McGregor failed to kick goal. The third quarter was played mostly in the middle of the rectangle and also in the first part of the last quarter. Within two minutes to play and Cameron and Yoe-Hi not ahead 7 to 6. That wouldn't do and the ball in mid-field. On the next play (Yoe Hi in possession of pigskin) Baggett was called around right end. He carried it around the end for twenty-five yards placing the ball on the 6 yard line. 15 seconds to play Mack goes through center for a touchdown. Too bad for the foot ball players of the city off Georgetown. McCall makes thirteenth point from field Three seconds to play and Georgetown receives; two passes incomplete and the third intercepted by Willis. Game over.

The largest gathering except at Rockdale attended the tilt. After the game the football boys departed for San Marcos where they spent the night and then back to Austin to witness the Texas and A and M game. on Clarke Field.

Lineup as follows:

Cameron, Watson, R. E. Right Tackle, Yoe, Right Guard, Ely, Center, Joyner, Left Guard, Thompson, Half, McCall, Left Half, Baggett, Left Tackle, Taylor, Left End, Willis, Quarterback, McGregor, Right Full-Back, Green.

Georgetown: Barron, Right End, Purl, Right Tackle, Whitted, Right Guard, Weir, Center, Lewler, Left Guard, Bruk, Left Tackle, Harper, Left End, Watson, Quarterback, Barnett, Right Halfback, Balliers, Left Halfback Weeks, Fullback.

The game play by play.

Georgetown won the toss and chose to defend the south goal as there was a stiff breeze blowing from that direction. Taylor kicked off 30 yards. Georgetown returned 10. Weeks failed to gain around right end. Weeks made four around left end. Barnett made 5 over center. Weeks kicked forty yards. McGregor returning 8. Baggett lost 2 around left end. McCall made five over center. Baggett made one over center. Taylor kicked 20 yards out of bounds. Georgetown's ball on Cameron 40 yard line. Weeks made 4 over right tackle. Pass, Balliers to Watson was grounded. Whitted made 2 on hidden ball trick. Weeks kicked behind goal line. Cameron ball on her own twenty yard line. Baggett made two over center. Baggett made nine over center. First down. McGregor made three over left guard. McCall made three around left end. Taylor kicked 20 yards. Georgetown failing to return. Weeks made 9 around left end. Evans fumbled. Baggett recovering for Cameron and returning 40 yards. Green made three over center. Georgetown intercepts McGregors pass the McCall. Weeks made 11 over right tackle. First down. Evans made 3 over left tackle. Weeks made 9 around right end. Balliers made 5 over left tackle for first down. Weeks failed to gain around left end. Balliers made 2 over center. Weeks failed to gain around right end. Weeks kicked out of bounds. Cameron ball on her own twenty yard line. Green made 4

over center. Baggett made 2 over center. Taylor kicked 10 yards out of bounds. Weeks made 2 around left end. Barnett made 1 over right tackle. A pass, Weeks to Harper was grounded. Weeks kicked 20 yards. Georgetown recovering McCall's fumble on Cameron's 11 yard line. Evans made three over center. Weeks made three over right tackle. Weeks went over center for 5 yards for a touchdown. Weeks kicked goal. Georgetown kicked off to Cameron's 20 yard line. Baggett made 1 around end.

SECOND QUARTER

Baggett made 5 over tackle. Time out for Georgetown man. McGregor made two yards over center. Baggett made three over right tackle. First down. Green hit center for 6. Baggett made 3 over right tackle. McGregor made 2 over center and for first down. Green made center for 3. McCall loses two yards around left end. Taylor kicks 30 yards. Georgetown returned 5 yards. Georgetown ball on her own 30 yard line. Evans made two over center. Weeks made two over left guard. Weeks made three over center. Weeks made two over center for first down. Balliers made two around left end. Weeks failed to gain over left tackle. Weeks hit left tackle for 4 yards. Weeks kicked ten yards. Baggett signalling for a fair catch. Baggett made 11 around end. McGregor made two thru center. McCall hit center for the slight gain of 40 yards and Cameron first touchdown. McGregor fails to kick goal. Georgetown kicks 45 yards out of bounds but Cameron chooses to kick over. Weeks kicks 30. Baggett returning five. Baggett hit right tackle for 2. McCall fails to gain over left guard. Baggett made 1 around right end. Taylor kicks out of bounds. Georgetown's ball on her own twenty yard line. Barnett gained 15 around right end for first down. Weeks hit left tackle for 4. Balliers made 1 thru right guard. Weeks hit left tackle for 5 and first down. Weeks lost three around left end. Harper lost three around right end. Balliers went through center for five. Cameron penalized 5 yards for offside. First down. Weeks kicked twenty yards. McCall returning 18. Baggett made two around end. Green went thru center returns 2. Half up.

THIRD QUARTER

Weeks kicked off 50 yards. Green for one yard. A pass McGregor to McCall netted 11 yards and first down. McCall went thru center for 16 yards. Green fumbles and Georgetown recovers on her own forty yard line. Balliers failed to gain thru right tackle. Weeks lost two around end. Weeks went five yards thru center. Weeks kicked twenty five yards. McCall returning to Cameron twenty five yard line. McGregor failed to gain thru right tackle. Georgetown penalized 15 yards for slugging. First down. McGregor gained 1 thru left tackle. A pass, McGregor to Watson was grounded. McCall gained three thru center. McGregor kicked twentyfive onside. Green recovers Georgetown mans fumble and runs for touchdown but play is illegal for Watson who tackled man was not inside and Cameron is penalized 15 yards. Weeks fails to gain around end. Balliers gained 17 thru center for the first down. Weeks gained one around right end. The hidden ball trick gained one yard Harper failed to gain around right end. Weeks kicked 30 yards Baggett failed to return. Pass McGregor to McCall was grounded. Baggett made 5 around right end. McCall hit center for six and first down. Baggett hit center for three. Georgetown intercepted McGregors pass to Willis.

FOURTH QUARTER

Georgetown's ball on her own forty yard line. Barnett made five thru center. Weeks failed to gain thru center. Balliers hit right tackle for one. Week kicked 15 yards. Cameron's ball on her own thirty yard line. Baggett hit center for three yards. McCall hit center for three. Taylor kicks 20 yards Georgetown's ball on her own forty five yard line. Weeks failed to gain around right end. Watson intercepted Weeks pass. Cameron ball on her own 50 yard line. McCall hit center for five yards. McGregor hit center for three yards. Baggett made 5 around right end for first down. McCall hit center for 2. Baggett smeared right tackle for 4 yards. Cameron penalized for 15 yards for slugging. Baggett made one around right end. Green kick is blocked. Georgetown recovers. Baggett intercepts Weeks pass to Barnett. McGregor gained 20 yards around left end for first down. Baggett hit center for 3. A pass McGregor to Willis was grounded. McGregor hit center for 5 yards. McCall gained 1 yard thru center. Georgetown ball. Weeks hit center for 5 yards. Willis recovers weeks fumble. McGregor gained 1 yard thru center.

McCall gained 8 around left end. Baggett hit center for 7 yards and first down. Ball on 20 yard line. McCall hit left guard for 4 yards. Baggett made 10 around left end. McCall hit center for 3 yards. McGregor hit center for three yards. McCall hits center for two yards and touchdown. McCall fumbles but goes around left end for additional point. Taylor kicked off 40 yards and Georgetown returned 10. A pass, Weeks to Barnett was grounded. Willis intercepts Weeks pass to left end. Game over.

JOKES FOR CAM-HI ANNUAL EATING IT.

Togo: "We're going to hit eighty in a minute! Are you afraid?"
Eloise: (Swallowing much dust): No, indeed, I'm full of grit.

BAAH.

"Olive, can you tell me who succeeded Edward IV?"

"Mary."

"Now, Sallie, who followed Mary?"
Sallie (absent minded): "Her little lamb."

RUN DOWN.

"My father was killed in a feud."
"I never would ride in one of those cheap cars."

SOMETHING'S WRONG.

Togo and Lyons bought a watch together and Togo was to keep it a while and Lyons awhile.

After using it for several months it stopped running and Togo gave it to Lyons to see if he could fix it.

Lyons took the watch apart and found a dead bug on the inside.

On finding the bug he ran up to Togo and exclaimed:

"No wonder it wouldn't run, the engineer's dead."

NATURALLY.

Judge: You have been found guilty of petty larceny. What do you want—ten days or ten dollars?

Guilty Person: I'll take the money.

CARRIE YOE CLUB.

The Carrie Yoe Club met Thursday Nov. 23. The roll was called and nearly all the members were present.

The Club is taking up a series of lessons on Etiquette.

A very interesting program was given on this subject.

Miss Virginia Vest told the Opera of William Tell, then "The Tune of William Tell," was played on the Eidson; after that followed a few speeches of introduction, "When and Whom to Introduce," by Miss Edna Radthe.

"Forms of Introduction," by Miss Mattie Lee Goldman.

Acknowledgement of Introduction, by Miss Martha Weams.

The Club adjourned to meet Thursday Dec. 7th for a business meeting.

THE FUNCTION OF HIGH SCHOOL ATHLETICS.

What relation has athletics to school life? Why does the boy or girl go to school? There are two questions that I might ask in the beginning.

Boys and girls go to school, or are sent to school by their parents, primarily, to get an education that will enable them to become better fitted for their life's work. Now athletics are and always will be a contributory factor to this main object in school training. So you see that athletics are not an end in themselves but a means to an end; and just so long as athletics act in this capacity good will be derived, but when we make our foot ball, basket ball, and other school sports and end in themselves then it is time to cut them out.

Then our athletic programs and training should be carefully controlled so that we may not lose sight of the big object in going to school. Such control should cover the following things: The amount of time spent in practice each day, games played which will necessitate the students being away from classes, a high standard of class room work for participation in interscholastic competition, prolonging the season by playing post season games, and playing the game for the money and not for the sport of playing.

We all understand that the school is the place for the training of young men and women, then anything that helps in this training might be termed a part of our school.

Now athletics properly controlled play a very important part in the training of boys and girls. Many lessons that are a valuable part of a persons preparation for life can better and more easily be learned on the athletic field than any where else. The self sacrifice of an individual to the group or institution is the first lesson taught by athletics. This means co-operation, team play, loyalty, and service. Where can you find a better lesson taught toward the up-

building character? Where can the qualities, both physical and moral, of determination, will power, persistence, and courage, be better taught

than on the athletic field? The ability to summon all of ones forces, physical, mental and moral to work together in smooth co-ordination for

the accomplishment of a given task, and the initiative necessary to direct these forces, are attributes very (Continued on next page.)

Did Closed Cars Cost too Much?

Thousands thought so. And prior to the Coach, they stuck to open cars.

That simply meant they wanted to put their investment in chassis quality and dependability, rather than accept lesser mechanical value in a closed car. Yet everyone wants closed car advantages provided they do not sacrifice chassis value.

So a Great Welcome Awaited the Coach

Essex invented the Coach to meet this plain demand of thousands. It gives every essential comfort of the costliest closed cars. It is solid, quiet, durable and attractive in looks. Yet of course its greatest value is in the famous Essex chassis which world experts have called

the finest of its size built. It fully has confirmed that verdict by official proof.

In no car can you get more than you pay for. It is for you to decide whether your money shall go for a costly body or for real automobile performance and lasting quality

**MAN KILLED BY FALL AT
UNION NATIONAL BANK**

E. I. Brophy, 71 years old, residing at Charles Apartment, Dallas Avenue and Crawford Street, was killed about 12:30 Tuesday afternoon when he fell down the stairway leading from the first floor to the basement of the Union National Bank Building.

Justice of the Peace J. M. Ray held the inquest and the body was turned over to the Stettgast-Kopf Company to be held pending the making of funeral arrangements.

Mr. Brophy was a traveling man and was a member of the Masonic fraternity at Taylor.

He is survived by his wife, three sons, Jerry and Jack of Houston and Earnest of Stamford; two daughters Mrs. Huettig of Brenham and Mrs. Elnore Hodges of Lafayette, La., three grandchildren and three sisters Mrs. Nell Embrey of Brenham, Mrs. L. L. Ware of Cameron and Mrs. Chas Cleveland of Portland.

The above will be of interest to a number of people in Cameron as Mr. and Mrs. Ware have made their home for a number of years. Mr. Ware holds a responsible position with the Santa Fe Railway. They have a host of good friends who extend sympathy to them in the loss Mrs. Ware's brother.

**FIVE CHILDREN BORN IN
8 HOURS TO WOMAN, 62**

Richmond, Va., Dec.—Dr. Ernest C. Levy, president of the American Public Health Association announced yesterday what he terms the strangest case known to medical science.

It is the birth to a woman in Venezuela of five normal children within eight hours.

The case was brought to Dr. Levy's attention by Dr. Charles Carracristi of Columbia University, just back from South America.

Dr. Carracristi says the mother is six feet four inches tall, and is 62 years old. She worked as a laborer in a mine until two hours before birth.

CARD OF THANKS.

We wish to thank our many friends for their kindness, sympathy and beautiful floral offerings extended us, during the illness and death of our daughter and sister Martha.

YOEMEN'S PAGE.

(Continued from preceding page.)

strikingly developed by athletics. Professor A. A. Stagg of the University of Chicago says: "By far a greater number of athletes succeed in business after graduation than other college graduates."

The above qualities and many others are brought out by athletics; self-confidence, self-control, poise, alertness, aggressiveness are qualities which alone would make athletics well worth our time.

Some one presents this argument: Athletics in our high schools do not reach the masses, but only reach only a select few which do not need the athletic training as the great masses that are not getting this training. This is true, but athletics reach every student by the examples set before them, all of which tend to hold in

higher esteem the many qualities that we have discussed above. Not only these but athletics bring the student body together, focusing their attention on one thing. The inspirational value of thus feeling to be a part of so great a throng is intangible and is not measurable, but is none the less real.

Many outside influences come in menacing our high school athletics. These are being cared for by our University Interscholastic League, which is striving to make athletics a means to an end instead of an end in itself in our high schools.

**YOEME DEFEAT BREWERS
SOFT ELEVEN 13 TO 0.**

(Delayed from last week.)

Brewer's proclaimed hard eleven proved very soft Friday before last and the Town team went down in glorious defeat before their smaller

rivals to the tune of 13 to 0. We have not sufficient space to give the game play by play this week, altho our reporter took the game down, but it was clear to all spectators that the Towns men were outclassed. For the Yoemen the outstanding star was Baggett who after time ripped off long gains around ends. Baggett was responsible for both the Yoemen's tallies and once went 15 yards around right end for a touchdown without even being touched. The townsman resorted largely to an unsuccessful aerial attack. Only 1 out of 12 passes were completed for 12 yards. The Yoemen gained a total of 25 yards on 11 attempts at passing and 4 of the attempts were prevented by the Townsman Brewer, the famed player from Southwestern kicked an average of 32 yards on 9 kicks, while the Yoemen averaged 44 on 8 kicks counting 2 kickoffs. The Yoemen gained a total of 156 during

the game, knocking off for all losses, while the Townsman gained a total of 13 yards during the game. Brewer the man who was never touched during the game, made only one gain during the game and that for only 2 yards, while on various attempts he lost twenty seven yards. Baggett, outstanding star for the Yoemen, gained in all 78 yards and lost nine.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c

OIL COMPANY ENJOINTS THE STATE OF TEXAS.

Austin, Dec. 2.—Notice of a temporary injunction issued by Judge Duval West of the federal court at San Antonio against Attorney General Keeling and State Comptroller Lon A. Smith, restraining them from bringing proceedings to recover gross receipts taxes and penalties against the Texas Pipe Line company was received by state officials today.

The order temporarily restrains Comptroller Smith from making a report of the amount due the state from the Texas company. Records of the state department show that \$732,145 is due the state from the plaintiff in gross taxes for the past three years.

A suit was filed by the attorney general's department a few days ago against the Humble Oil and Pipe Line company for recovery of approximately \$45,000 alleged to be due the state for similar taxes. John C. Townes, Jr., attorney for the Humble company, was in conference with the attorney general today in an attempt to reach an agreement on statement of facts for trial of the case.

Approximately \$134,000 is due the state from car companies in gross receipt tax, according to officials of the comptroller's department.

Austin, Dec. 2.—An agreement on major issues in statement of facts in the state's suit against the Humble Oil and Pipe Line company for the recovery of gross receipts taxes was reached in conference between Attorney General Keeling and attorneys for the oil company today. The suit will be a test case of the constitutionality of the state gross receipt tax law.

Austin, Dec. 2.—A resetting in the case of James Baker, receiver of the International and Great Northern Railway company against state and county officials contesting taxes on intangible values, was agreed to by the attorney general's department and attorneys for the railroad company today. The suit, now pending in the United States supreme court involves taxes on the I. & G. N. in approximately forty Texas counties. The case was instituted in 1915.

LETTER TO SANTA CLAUS.

Cameron, Texas, Dec. 4, 1922.

Dear Santa:

We are two little boys and our daddy says we are about the place. And we want you to be nice to us Xmas. We want you to bring us a Choo choo train, two lawn mowers,

a hatchet, a hammer, a sack of nails, some nuts and fruit and candy and a foot ball, and don't forget to bring a meat bone for our pup. We will leave the door open for you but leave the bone on the steps.

Yours truly,

Jim and Carter Brogden.

EVANS' Corner

This corner is devoted to business, politics and general news.

Careful examination of the eyes of children in our public schools today reveal the fact that many of them are suffering from defective or undeveloped eyes or from eye strain. Thousands of children drop out of school annually because defective vision will not permit them to keep pace with their fellows, and these thousands go out to join the vast army of "misfits." They find it hard to concentrate their attention, their heads tire quickly when they try to think, they are nervous and irritable. All this impairs their efficiency, sending their earning power far below what it ought to be.

The correction of defective vision in such children will benefit all concerned. It will put many a child on his feet, relieve him on the road to success. It will give him a fair chance to make something of himself in life, since he will attack his school work with renewed vigor and ambition. It will materially lower the per capita cost of education as all teachers know that much time is wasted in repeating and drilling for the sake of the defective child, the whole class being thus retarded.

It will really increase the efficiency of the child himself and thus make him of more value to himself and to his community.

Don't neglect your plain duty to your children. Let the child's necessity be the guide. Give it every chance to become a happy, prosperous citizen, even though it is necessary for him to wear glasses.

spector. In either case said certificate or permit is issued by said inspector only after necessary inspection or dipping, or both inspection and dipping as hereinbefore provided for in territory under quarantine for tick eradication purposes. Any person, firm or corporation who moves any live stock in violation of the foregoing rules and regulations, or any owner or caretaker who permits the movement of any live stock without a certificate or permit of an authorized inspector of this commission shall be punishable under the laws of the State of Texas. The above provisions are applicable to railroad companies and other transportation companies and they are forbidden to accept for transportation or to transport any livestock from any of said quarantined area, unless such live stock are accompanied by a permit or certificate from an authorized inspector of the Live Stock Sanitary Commission under the rules and regulations regulating such movements.

IV. All owners and caretakers of cattle, horses, mules and asses located in said quarantined area shall take up tick eradication under the rules and regulations of the Live Stock Sanitary Commission and continue active tick eradication until their promises and live stock have been freed from infection and exposure to the fever tick.

V. All railroad companies in said quarantined district shall lock all shipping pens located therein and permit no cattle, horses mules and asses to enter same unless accompanied by a permit or certificate from an authorized inspector of this commission.

VI. The Live Stock Sanitary Commission hereby establishes the foregoing quarantine, and adopts the rules and regulations of this commission to be in effect in and around said quarantined area, on and after the 2nd day of December, A. D. 1922.

Witness our hands this the 2nd day of December, A. D. 1922.

PARK COMMITTEE
FOR CITY NAMED.

(Continued from page 1.)

sewer extension bond issue and it is believed all arrangements can be made to begin this work after the new year. George T. Graves, member of the finance committee said the committee had arranged to finance the bonds in Cameron. Mr. Graves is cashier of the Cameron State Bank and said his bank was ready to purchase its quota of the bonds. By arranging local finance for the bonds and paying the bonds in advance of maturity many thousand of dollars can be saved to the city in interest.

The council has asked the Marshal to check the street lights in Cameron to determine how many are in operation and to ask the Cameron Water, Power and Light Company to repair all lights not in use as per contract.

Those present at the council were Mayor J. B. White, Alderman C. R. Phillips, Will O. Triggs, George T. Graves; Dan Tyson, Tax Collector and assessor. Those absent were Aldermen H. M. Hefley and O. M. Smith; City Health Officer Dr. T. G. Van Zant; City Attorney, Paul Webb; City Marshal, Vince Lucas.

NOTICE OF INTENTION TO APPLY TO THE LEGISLATURE OF TEXAS WHICH CONVENES IN JANUARY 1923. FOR A SPECIAL ACT.

The undersigned will apply to said Legislature for a special act authorizing the Galveston & Western Railway Company to sell to the Gulf, Colorado & Santa Fe Railway Company, and the Gulf, Colorado & Santa Fe Railway Company to purchase all railroad tracks, real estate, rights of way, street franchises, railroad materials, other property and rights now owned or hereafter acquired, of the Galveston & Western Railway Company situated in the City of Galveston, County of Galveston, West of the East line of Thirty-eighth Street, or any part or parts thereof, including the assignment by the former company to the latter company of all ordinances of the City of Galveston now existing or hereafter passed relating to rights or franchises in the streets of said city West of the East line of said Thirty-eighth Street, and authorizing the Galveston & Western Railway Company to abandon its line of railroad and to relinquish its rail and track materials to the City of Galveston on Ninth Street and on Avenue N. East of the East line of Forty-third Street or East of the East line of Thirty-eighth Street.

Christmas Gifts

A Good, Old Fashioned Spirit of Christmas
Pervades Every Nook and Corner
Of This Store

Just come in and wander around feel yourself entering into the spirit of the holidays, the entire atmosphere of the store fairly breaths Christmas, on all sides are gift suggestions galore. Smiling salespeople ready and glad to assist and advise—then there are the decorations, the bright garlands of evergreen,

the Christmas bells, all telling in their mute way that the worlds greatest holiday draws near, and the message of Christmas—

"Peace on earth, good will toward men" is seemingly whispered.

Christmas
Handkerchiefs

They are all ready for your selection in pretty Christmas boxes and in open stock, dainty colored embroidered handkerchiefs, white embroidered linens. There are suitable gifts for mother and sister. Give dad a box of initialed linen handkerchiefs.

The Christmas
Slippers are Here

Every Christmas seems to be Slipper time—fashions in gifts come and go but there is one gift always in fashion—the gifts of Slippers. Comfy Slippers for mother, home Slippers for dad.

Gifts That are
Practical

When you give practical gifts such as we are advertising you make sure you have done the best possible thing by your friends and at the same time served your better judgment for gifts that last are not only economical but are better.

It is impossible to enumerate here all the splendid selections in this store so that a personal visit to this store is the only means by which you can get an accurate idea of the splendid display we have arranged for Christmas 1922.

GIFTS THAT ARE SUITABLE FOR MOTHER AND SISTER:

Blouses
Dresses
Coats
Suits
Hosiery
Gloves
Silk Underwear
Hand Bags
Slippers
Handkerchiefs
Beads
Furs
Sweaters
Kimonas
—and many other useful Gifts.

PRACTICAL GIFTS FOR FATHER & BROTHER

Shirts
Gloves
Bath Robes
Pajamas
Shoes
Hats
Over Coats
Sweaters
Silk Ties
Knit Ties
Handkerchiefs
Hosiery
Caps.

Fine Hand
Bags

No woman ever had too many fine hand bags—one piece bags of plain and Dubroche duventine in fawn, black brown and navy, and various other styles with metal frames, cord and fabric handles.

Make it
Gloves

You will make no mistake if you place gloves opposite her name on your list, for no matter how many pairs she already has she will always welcome smart Gloves.

It is apparent to everyone that in this enumeration together with the statement that we are unable to name even a small part of the many things here for Christmas, that we have made provision for everybody in this great store wide display for Christmas.

More and more people are turning to the practical suggestions for gifts and are buying in accordance with the dictates of economy. One thing paramount with this display is the note of economy—low prices — surprising values.

Triggs Dry Goods Company
